

MEXICAN FEDERALISTS  
KIDNAP AND HANG  
TEXAS RANCHMAN

Confirmation of Execution  
of Clemente Vergara Near  
Hidalgo, After Release Had  
Been Promised on U. S.  
Demand, Received by  
American Consul.

WOUNDS ON BENTON  
BODY TO BE EXAMINED

United States Accepts Villa's  
Proposal in Case of Eng-  
lishman He Executed but  
Will Insist on Delivery of  
Body to Widow.

LAREDO, Tex., Feb. 25.—Official con-  
firmation of the story of the execution  
of Clemente Vergara, a ranch owner in  
America, by the Mexican Federalists, near  
Hidalgo, Mexico, was received today by  
United States Consul Garrett at Nuevo  
Laredo.

The report from there, which was re-  
ceived here a short time later, said that  
Garrett had hastened to the scene for the  
purpose of making an inquiry.

According to the report, the body of  
Vergara, whose American citizenship is  
not questioned here, in spite of his Span-  
ish name, still was hanging to a tree,  
three miles from Hidalgo.

Release Demanded Ignored.  
The capture of Vergara had been the  
subject of representations on the part of  
American authorities who had made dem-  
ands on the Federal commander at  
Piedras Negras for his release. It was  
rumored, even at that time, that he had  
been hanged as soon as he had been  
carried a safe distance from the Ameri-  
can border.

Vergara was a resident of Webb  
County, Tex., where he engaged in the  
ranching business. He used an island in  
the Rio Grande opposite his ranch at  
Palaflo, Tex., as pasture for his horses.  
Vergara complained that Mexican Fed-  
eralists were stealing his horses and a  
small detachment of Texas rangers were  
sent to his ranch.

On Feb. 13, Mexicans appeared on the  
island and called to Vergara to come  
over, saying they would pay him for the  
horses. The rangers advised against  
compliance with the request, but the  
ranchman decided to go.

Release Was Promised.  
When Vergara reached the island, ac-  
cording to reports, he was struck in the  
back of the head by the soldiers and  
made unconscious. He was then carried  
into the interior of Mexico.

Representations on behalf of Vergara  
were made to the Federal commandant at  
Nuevo Laredo and to Gen. Maas at  
Monterrey. The ranchman's release was  
promised and apprehension for his safety  
was allayed until his long absence  
caused additional inquiries to be made.  
Information was given out by the Mexi-  
can authorities that Vergara's release  
already had been ordered.  
Yesterday reports were brought to  
Consul Garrett that Vergara had been  
hanged by the Mexicans, either on the  
night of his capture or the morning  
after, and the consul dispatched an  
emissary to Hidalgo, Tex., to learn the  
facts. The report confirming the hanging  
was brought here today.

BENTON WOUNDS  
TO BE EXAMINED

British Consul Expected to Go  
With American Representa-  
tives for Purpose.

WASHINGTON, Feb. 25.—Gen. Villa's  
proposal for an American examination of  
the body of William S. Benton, the En-  
glish ranchman he executed at Juarez,  
without permitting its removal from  
Mexico, has been accepted by this Gov-  
ernment, without waiving, however, any  
further movement to demand its deliv-  
ery on American soil.

British Consul Parvaceal at Galveston  
today was ordered to proceed to El Paso  
at once, where he is expected to arrive  
tomorrow, to go to the grave in Juarez  
with a delegation of Americans.

Major-General Scott, commanding the  
United States troops, will detail an  
American army surgeon and any other  
officers to accompany the British Con-  
sul. A member of Benton's family will  
be taken with the party.

Situation Complicated.  
That course has been decided upon  
pending the outcome of efforts to have  
the body surrendered to Benton's fam-  
ily, which will not be abated in the  
least. An immediate examination, even  
under limited conditions, has been de-  
cided upon in order that the evidence of  
the wounds might not be obliterated.

Further complicated by dispatches tel-  
ling of official confirmation received by  
Consul Garrett at Nuevo Laredo of the  
hanging by Huerta's troops of Clemente  
Vergara, said to be an American, near  
Hidalgo, the Mexican situation took on  
more intensity, if it could be said there  
was any change at all.

Conference With Senators.  
Secretary Bryan discussed the situa-  
tion with the Senate Foreign Relations  
Committee and for more than two hours  
answered the questions by Senators.

Both the Secretary and Senators de-  
clined to discuss the conference except  
to say that the trend was to get at the

LOST SEAL USED  
AS NUT CRACKER

Madison County Prisoner Discov-  
ered Using Disk of Last Cen-  
tury as Hammer.

The original seal of Madison County,  
Illinois, missing for half a century, was  
found Tuesday and probably would have  
been lost again if a county prisoner  
had not discovered it to be a good nut-  
cracker.

E. Breese Glass, former State's At-  
torney, was looking over papers in an of-  
fice at the courthouse at Edwardsville  
when he noticed a prisoner who had  
the run of the jail cracking nuts on a  
window sill with a brass disk. Its  
appearance of antiquity attracted the  
attention of Glass. He asked the man  
what it was. That person did not know,  
except that it made a very good nut-  
cracker.

Glass examined it and discovered it  
was the long lost seal.  
The prisoner, helping move records  
from the courthouse to the basement of  
the library, preliminary to the tearing  
down of the old courthouse and the erec-  
tion of a new one, had found the seal  
among junk.

At the inscription "County Com-  
missioners of Madison County" and a  
raised representation of a sheaf of  
wheat and a plow, Glass took charge  
of it and it will be placed in the his-  
torical collection of Madison County.  
The prisoner had to look for another  
nutcracker.

two inches fell.  
At Columbus, Ga., two inches of snow  
fell, the first snow of consequence in 15

NEW ORLEANS, Feb. 25.—A light

NOAH'S ARK IN PORT

NEW YORK, Feb. 25.—From Hamburg,  
the world's greatest animal market, the  
steamer President Lincoln brought today  
one of the largest cargoes of birds and  
quadrupeds that ever reached New York.  
There were 11,000 assorted birds, six ele-  
phants, 10 panthers, nine tigers, and a  
number of porcupines and monkeys.  
The President Lincoln was delayed three  
days by a succession of westerly  
gales, during which the live cargo was  
consequently troublesome.

ENDS LIFE WHEN  
WIFE OF 26 YEARS  
HEARS HE'S NEGRO

Harry Haynie Was Known to  
Neighbors as White;  
to Employers as Black.

FIGHT REVEALS SECRET

He Takes Poison as Police Come  
to Arrest Him for Offense  
That Gave Wife News.

For more than 20 years Harry Haynie  
of 3124 Easton avenue was known to  
his wife and their neighbors as a white  
man and to his employers, the Marshall  
Bros. Livery Co., as a negro.  
Haynie killed himself by swallowing  
carbolic acid at 11:40 p. m. Tuesday,  
when policemen called at his home to  
arrest him for a fight with a negro.  
Through this fight the wife had learned,  
a few days before, that her husband  
was supposed to have negro blood.

His Neighbors Are Surprised.  
Neighbors, after the tragedy, were  
surprised to learn that any question  
had been raised as to the man's race.  
Several who had known Haynie for  
years said it never had occurred to them  
that he was not white.

J. D. Marshall, Haynie's employer,  
said that at the livery company's head-  
quarters, Delmar and Union boulevards,  
where Haynie worked as a driver, he  
was known as a negro. The company  
has both white and negro drivers, and  
makes no strict classification as to race,  
but Marshall seemed surprised to learn  
that Haynie had been known anywhere  
as a white man.

The policeman who went to arrest  
Haynie, and who later reported his  
suicide, stated in the report that he had  
some of the physical characteristics of  
a negro.

Haynie fought a few days ago with  
Edgar Smith, of 223 Market street, a  
negro employee of the livery company.  
The fight is said to have been caused  
by Smith's use of an epithet, coupled  
with the word "nigger," and applied to  
Haynie. Haynie shot and stabbed Smith,  
causing superficial wounds, and Smith  
broke Haynie's nose. Smith was sent to  
the city hospital and the company laid  
both men off.

Takes Poison When Police Come.  
A police court charge first was  
brought, but Tuesday the Prosecuting  
Attorney's office issued a warrant.  
When the policemen called to serve the  
warrant, Mrs. Haynie answered them  
from the second-story window, and  
hearing the conversation, Haynie swal-  
lowed the poison. When his wife learned  
what he had done, she tossed the key  
out to the policemen, and they called  
an ambulance, but Haynie was dead in  
a few minutes.

A note in his pocket, addressed to his  
wife and sister-in-law, showed that  
Haynie had decided, a day or two be-  
fore, to kill himself. He gave illness  
as the reason.

Mrs. Haynie said she had been mar-  
ried to Haynie 26 years, and that, un-  
til a few days ago, she never heard the  
suggestion that he might have negro  
blood. When she went with him to the  
Dayton Street Police Court, she said,  
she heard two men talking about his  
case, and one of them called him a  
negro. She said she could not bring  
herself to ask him about this, as she  
thought he had enough other trouble.

Their son, 23 years old, is not now in  
St. Louis, she said.

PASSENGERS DUG OUT;  
ONLY SIX EGGS LEFT

DECATUR, Ill., Feb. 25.—After having  
stalled in snowdrifts for nearly 36 hours,  
passengers on the Illinois Traction Sys-  
tem and Wabash trains reached Decatur  
early today.  
They amused themselves during their  
long wait by giving amateur theatricals  
on the train. They were rescued just as  
their food supply had dwindled to six  
eggs. One man had purchased 50 pounds  
of candy from the train butcher as a  
precaution against possible death.  
No! That is too bad. It was a very  
good service indeed—an excellent ser-  
vice.

"You wish me to pose for a photo-  
graph? But that is quite unnecessary."  
They are snapping us now, and if we  
just keep right on walking along they  
will get all they want. They always do  
it that way. I know, you see.  
"Now, really, you mustn't ask me any-  
thing about the Mexican situation, either.  
I have just been to church and so  
cannot talk about those things. Per-  
haps that does sound funny, but they  
say I cannot talk for publication now."  
And the aged millionaire chuckled.  
"Mrs. Rockefeller is much improved.  
Indeed, she is doing beautifully, thank  
you. As for me, I feel like a boy. I  
take good care of myself." And he  
looked critically at his own arctic-shod  
feet and then to the rubber-soled feet of  
the reporter. "If you wish to be suc-  
cessful you must take very good care  
of your health and be sure to save your  
pennies."  
"This is my godbrother," said Rocke-  
feller, introducing a man with whom he  
was walking. He laughed heartily when  
the reporter said, "How do you do, Mr.  
Rockefeller?"  
"No, my dear young lady," chuckled  
John D.; "I said 'godbrother,' not 'broth-  
er.' This gentleman is Mr. Ericsson  
Bushnell."

At Fifty-second street and Fifth ave-  
nue Bushnell thought he saw a gold pin  
in a puddle of dirty water. He fished it  
out with his stick, only to find it was a  
brazen key. He flung it from him with  
a frown, while Rockefeller chuckled at  
his disfigurement.

news gathered by the Associated Press.

feller to a woman reporter as he was  
leaving the Fifth Avenue Baptist Church

HAT CAUSES CLERK  
TO THINK WOMAN  
IN COURT IS MAN

When Miss Anna Bredies of 618 Ber-  
lin avenue went into one of the offices  
in the Municipal Court Building  
Wednesday morning to give \$200 bond  
for her appearance before the court to  
answer a charge of practicing medicine  
without a license, she wore a velvet  
hat closely resembling a man's.  
"Remove your hat," William Fitzsim-  
mons, a court official in Judge Miller's  
court called out to her, but when he  
discovered his mistake he apologized.

The charge against Miss Bredies was  
made by yMiss Irene Muench of 3708  
Minnesota avenue and Mrs. Rose Wes-  
ler of 3147 Chippewa street, attorneys  
of the Health Department.

The two women had received informa-  
tion that Miss Bredies was practicing  
medicine without a license. When they  
reached her home Miss Muench told  
Miss Bredies that she was not feeling  
well. Miss Bredies, according to Miss  
Muench, examined her, said that she  
had liver trouble, and gave her some  
medicine which made her ill.

Miss Muench paid Miss Bredies \$4 for  
the treatment, and then had the warrant  
served out against her. The case will  
come up for an early hearing.

Miss Bredies is well known in the  
neighborhood where she lives, by reason  
of her costume, and of the 60-  
horsepower automobile which she drives,  
cranking it herself. She has been known  
as a masseuse, and in this work has had  
a large number of clients.

MAYOR KIEL  
MAKES INCOME  
TAX RETURN

Mayor Kiel sent his income tax return  
to the Internal Revenue office Wednes-  
day. He stated his income was \$2-  
year. The city of St. Louis pays him  
\$2000 salary, but this, under the law, is  
exempt. All city and State officials  
salaries, are thus exempt. Kiel's sta-  
tioner, Harry Crutcher, took the re-  
turn to the Federal Building.

Sam Lazarus, President of the City  
Council, who gets \$200 a year from the  
city, took in his return, showing an in-  
come of \$1- a year.  
The reader can guess at the figures to  
fill in the above blank. The tax offi-  
cials are not permitted to give out any  
figures as to individuals.

Clerks in the office of Edward F. Laly,  
chief clerk of the internal revenue serv-  
ice, were required Wednesday to count  
the names of individuals who had made  
that \$200 reports had been filed before  
the closing hour Tuesday.

A telegram from Internal Revenue  
Commissioner Osborn at Washington,  
requested the count. Daily said 70 or  
80 individual returns had been made  
Wednesday, which would bring the total  
to about 400.

How to figure the income of a boarding  
house keeper was the puzzling question  
which confronted the clerical force when  
a man visited the office. He said he and  
his wife kept a boarding house and  
found it so profitable that he supposed  
they would have to pay an income tax.  
But for the life of him, he remarked, he  
couldn't figure what their income from  
their boarders was, or anywhere near it.

The first clerk to whom he went re-  
minded him he must charge himself and  
his wife board, in figuring up the in-  
come, as no exemption for living ex-  
penses is allowed. But when he told of  
the vagaries of boarding house finance,  
with some boarders of long standing and  
some transients, with an intermediate  
class whose trunks night, at almost any  
time, have to be taken in payment of  
their bills, the clerks gave up.

As the corporation income tax is be-  
ing handled side by side with the new  
personal income tax, new questions as to  
the corporation-tax are arising.

BRIDGE PETITIONERS  
NOT TO WAIT FOR  
OPINION ON BONDS

Business Men's Campaign Committee Plans to  
Have 40,000 Persons Sign Informal Petition  
to Municipal Assembly Requesting Sub-  
mission of Bond Issue for the Reber Ap-  
proach.

A petition containing not less than 40,000 signatures will be  
presented to the Municipal Assembly requesting the submission  
of the \$2,750,000 bond issue to complete the free bridge by the  
Reber approach route regardless of the opinion of the New York  
bond experts on the validity of the initiative.

This course was decided on at a meet-  
ing of the special campaign committee  
of the Citizens' Free Bridge Committee  
Wednesday afternoon. The campaign  
committee was unanimous in the belief  
that Judge Dillon's opinion would up-  
hold the legality of the initiative, but  
decided the Citizens' Committee could  
not afford to drop the free bridge cam-  
paign even if the decision should be ad-  
verse.

Believed Assembly Would Act.  
It was believed that the Municipal As-  
sembly would not refuse to pass the Re-  
ber approach bond issue bill if the in-  
formal petition, rather than the manda-  
tory petition, should be filed.

The special committee outlined a plan  
of campaign to be instituted as soon as  
City Counselor Baird receives the opin-  
ion from the bond experts. If the opin-  
ion should be favorable, the commit-  
tee immediately will start the machinery  
to get the 30,000 signatures to initiative  
petitions necessary to force a vote on  
the Reber approach bond issue. If the  
opinion should be unfavorable, petitions  
will be prepared for circulation among  
voters, and the campaign will be carried  
forward vigorously.

As soon as the committee hears from  
City Counselor Baird it will call a meet-  
ing of all the 75 associations affiliated  
with the Citizens' Committee. The meet-  
ing probably will be held at the Odess.  
At this meeting the officers of each of  
the affiliated organizations will be re-  
quested to call on the same night a  
meeting of each association.  
Petitions will be circulated at these  
meetings for the members and the vot-  
ers of the district in which the meetings  
are held. Volunteers will be called for  
to circulate the petitions in the wards  
and precincts throughout the city.

Will Have 40,000 Signatures.  
The committee decided that whether  
the petitions were mandatory or inform-  
al, they should contain at least 40,000  
signatures of qualified voters.

The members of the special campaign  
committee are: Fred G. Zebler, chair-  
man; John E. Turner of the West End  
Business Men's Association; William  
Wedemeyer, North End Business Men's  
Association; Henry W. Barth of the  
Tenth Ward Improvement Association;  
and Otto L. Teichmann of the Busi-  
ness Men's League.

Delegate Scully, a member of the  
Joint Conference Committee of the  
Council and House of Delegates, told a  
Post-Dispatch reporter Wednesday af-  
ternoon that an informal petition con-  
taining 20,000 or more signatures would  
have the same weight with him as a  
mandatory petition.

"If the New York bond experts hold  
that the initiative is invalid, and the  
Citizens' Committee presents petitions  
signed by 20,000 or more registered vot-  
ers, all city and State officials' sal-  
aries, are thus exempt. Kiel's sta-

The first clerk to whom he went re-  
minded him he must charge himself and  
his wife board, in figuring up the in-  
come, as no exemption for living ex-  
penses is allowed. But when he told of  
the vagaries of boarding house finance,  
with some boarders of long standing and  
some transients, with an intermediate  
class whose trunks night, at almost any  
time, have to be taken in payment of  
their bills, the clerks gave up.

As the corporation income tax is be-  
ing handled side by side with the new  
personal income tax, new questions as to  
the corporation-tax are arising.

WORD OF ONE MAN, 82,  
TAKEN AS FINAL ON  
VALIDITY OF BONDS

On the opinion of Judge John  
Forrest Dillon of New York,  
hinges the question whether a  
bond issue, authorized by a vote  
under the initiative, for the  
completion of the free bridge,  
would be valid.

Judge Dillon, who is 82  
years old, has won a unique  
position in legal matters re-  
lating to municipal bonds and  
municipal corporations. His opin-  
ions on subjects of this kind are  
accepted as final, just as a deci-  
sion by the United States Su-  
preme Court would be. When he  
pronounces that a bond issue  
would be valid, the municipality  
is likely to find a ready market  
for the bonds, without waiting  
for the tedious process of a  
"friendly" suit to test their  
validity.

Judge Dillon is a native of  
New York State, but began his  
legal career in Iowa, and was a  
circuit judge and later, by ap-  
pointment of President Grant,  
United States Circuit Judge for  
the Eighth Circuit, extending  
from Arkansas to Minnesota, and  
including Missouri and Colorado.  
In 1879 he resigned his Fed-  
eral judgeship, and going to New  
York, became general counsel  
for the large interests headed by  
Jay Gould. The chief of these  
was the Western family, the  
graph Co., the Missouri Pacific  
and Texas & Pacific railroads  
and the Manhattan Elevated  
Railroad. He was also legal ad-  
viser for the Union Pacific and,  
in later years, for the Inter-  
borough Transit Co., which operates  
the New York Subway.

During his first three years in  
New York he was professor of  
real estate and equity in the Co-  
lumbia University Law School,  
but because of the pressure of his  
legal work, he gave up teaching.  
He has written a number of  
books, the best known of which  
are "Municipal Corporations,"  
which Justice Bradley pre-  
sented as "a legal classic," and  
a treatise on municipal bonds.

For 25 years past, those fami-  
liar with the Western family say,  
the members of the family have  
insisted on having Judge Dil-  
lon's opinion before undertaking  
any legal matter. It is said  
that, on a few occasions, the  
younger members of the family  
have disregarded the advice  
given by the conservative old  
counselor, and have in such cases  
suffered reverses.

The Supreme Court of Missouri might  
be necessary finally to determine the  
legality of the initiative amendment to  
the St. Louis city charter.

The City Counselor is expecting a tel-  
egram today from Mayor Kiel instrum-  
ing him to make public the opinion of  
the law firm as soon as it is received,  
so that the initiative campaign to com-  
plete the free bridge by the Reber ap-  
proach route may be started in St.  
Louis.

"I am inclined to believe the opinion  
will be favorable to the initiative,"  
Baird said to the Post-Dispatch cor-  
respondent. "But if there is any doubt in  
the minds of the bond experts as to the  
validity of bonds issued through the use  
of the initiative, it probably would be  
necessary to get a decision from the  
Supreme Court before it would be safe  
to proceed. If the opinion should be  
positive and definite that the initiative  
is valid, I think it will be perfectly safe  
to proceed with the initiative campaign  
planned by the Citizens' Committee."

## LACLEDE GAS CO. \$5,000,000 NOTE ISSUE APPROVED

Public Service Commission Allows Issuance of Five-Year, 5 Per Cent Securities.

### SOME ITEMS ARE PRUNED

Claim for Coke Oven Purchase Disallowed Because Company Already Owned Site.

JEFFERSON CITY, Feb. 25.—The Public Service Commission today authorized the Laclede Gas Light Co. of St. Louis to issue \$5,000,000 in five-year 5 per cent notes.

The company made its application to issue these notes several weeks ago. While the entire amount applied for was \$10,000,000, but the commission points out that the Southern Improvement and Manufacturing Co., in the name of which the property stands, always has been a mere straw corporation, holding for the Laclede company, and treats the property as always having been owned by the latter, so that a purchase is not necessary.

The request for authority to issue notes to purchase the proposed coke oven site on the River des Peres was for \$1,000,000, but the commission points out that the Southern Improvement and Manufacturing Co., in the name of which the property stands, always has been a mere straw corporation, holding for the Laclede company, and treats the property as always having been owned by the latter, so that a purchase is not necessary.

## The Lay of the China Egg

By L. C. DAVIS.

ST. LOUIS commission merchant received a shipment of 3000 dozen eggs from China. The eggs were marked with Chinese characters which, when translated, were found to mean "dead soul."

NOW to begin, this tale is in the nature of a fable. A kitchen maid one morning laid

An egg upon the table. The maid's name was Dinah. She said, "This egg will be the very thing for poaching."

"I see it came from Cochise," said Dinah.

THAT egg upon the table had a most peculiar label. In fact it read "dead soul," which was exceeding droll.

SHE cracked the shell, then gave a yell. That echoed clear to China, Alas, alas, poor Dinah. Then Prince of eggs stood on its legs. Then flapped its wings and crew Cock-a-doodle-doo.

"My name is Chanticleer, and I'm here because I'm here. Who was it said that I was dead? Cock-a-doodle-doo."

facts, leaving questions of policy for future determination. Senator Shively, acting chairman, issued a statement later in which he merely said Secretary Bryan "answered all questions relating to the Mexican situation."

Immediately upon the receipt of word from Consul Letcher at Chihuahua that Benton's body would be exhumed for the benefit of Benton's widow and relatives who could visit the cemetery with an American representative, a second request went forth to Villa asking that the body be turned over to the widow on American territory.

White House officials after Secretary Bryan had called there and gone made this explanation of the status of the inquiry for Benton's body: "Two dispatches were received yesterday, one from Consul Agent Carranza, saying Villa would not permit a view of the body 'at this time,' but would do so later. That message came during the afternoon.

"Late last night a message was received from Consul Letcher at Chihuahua, who had been in personal conference with Villa. He reported Villa was willing to have the widow and relatives of Benton see the body, when it was exhumed, and that their visit would be permitted in the presence of representatives to be designated by the American Government."

The State Department is hopeful that through Gen. Carranza, Villa's superior officer, it can succeed in getting Benton's body. No answer has been received today to representatives sent to Carranza yesterday at Nogales. The mail report of the proceedings of the courtmartial had not reached Washington.

Secretary Bryan has communicated to the British Embassy the latest messages from Consul Letcher, announcing Villa's willingness to permit the widow to view Benton's body, but his refusal to allow its removal. That, however, may not meet the demands of the British Embassy. Secretary Bryan declined today to intimate what he would do in the event that Villa persisted in his refusal and Carranza could not be induced to intervene.

From Galveston Sir Lionel will travel to Washington.

## JUDGE SUGGESTS ROW BE SETTLED OUTSIDE

Tells Men to Go to Corridor if They Wish to Fight; Only Epithets Are Hurdled.

During the trial of Sam Prouty, former president of the Florence Mining and Development Co., in Judge Clark's court Wednesday afternoon on the charge of making false corporation returns to the Secretary of State, J. A. Houghton, a promoter, with offices in the De Mott Building, and a witness for the State, called William A. Carter, attorney for Prouty, a "liar."

Carter responded with a warmer term. "Gentlemen, if you wish to fight, kindly go out into the corridor," said Judge Clark. "It is time for the court to adjourn."

Houghton and Carter, followed by virtually everyone in the courtroom, immediately went into the corridor. There they faced each other, and for nearly ten minutes exchanged epithets. They did not fight. Prouty was acquitted.

## FIGHT OVER FREE PHONES REVEALS BACK TAX BILL

East St. Louis to Sue Bell Co. for \$3000 if Forced to Pay for Service.

When the Southwestern Telephone and Telegraph Co. notified Mayor Chamberlain of East St. Louis that the service of five free phones in the city hall would be on a cash basis commencing March 1, it was learned that the phone company owed the city \$3000 on its franchise granted 20 years ago.

A clause in the franchise stipulated that the phone company should pay the city \$100 a year, but there is no trace of the city having ever received 1 cent. Mayor Chamberlain stated that Bell phones would not be kept in use on a cash basis, and unless free service was maintained the city would commence suit against the company for the back tax.

Besides the five phones in the city hall, there are nine more in East St. Louis official offices and each user has been notified that free service will be discontinued after March 1. The company, in the notice, states that it is complying with the public utilities act, which became effective Jan. 1.

## KING GEORGE WILL SEE AMERICANS IN A BASEBALL GAME

Announces He'll Attend Chicago-New York Game, Players Are Entertained.

By Associated Press. LONDON, Feb. 25.—King George and several members of the royal family are to be present tomorrow at the baseball game between the New York and Chicago teams. The game is to be played at the Chelsea football grounds. Virtually the entire American colony will attend, together with the staffs of the Embassy and the staffs of the Consulate-General.

The King, who is an ardent follower of football and cricket, never has witnessed a first-class baseball game. He announced to his suite when he heard the American teams were coming to England, that he would see a game if possible. Today he definitely notified the managers of the visiting teams that he would be present.

Americans in London are hopeful the interest displayed in the game by the King will assist in converting England to baseball. The two teams, which have been on a tour of the world, were the guests of honor today at a luncheon of the American business colony. Consul-General Griffiths presided.

No matter what ails your child a laxative should be the first treatment given. Look at the tongue, mother! If coated, it is a sure sign your "little one's" stomach, liver and bowels need a gentle, thorough cleansing at once, when croup, peevish, listless, pale, doesn't sleep, eat or act naturally; if breath is bad, stomach sour, system full of cold, throat sore, or if feverish, give a teaspoonful of "California Syrup of Figs," and in just a few hours all the clogged-up waste, sour bile and undigested food will gently move out of the system and you have a well, playful child again.

## LADY CONSTANCE'S FEET BATHED IN SODA IN CAFE

Husband, Caring for Her After New York Cabaret, Hits Waiter Who Laughs.

NEW YORK, Feb. 25.—Lady Constance Richardson made her debut last night in the Cafe Boulevard as a cabaret dancer. She did not appear until nearly midnight; then she came out barefooted. She was greeted with cheers, which were joined in by her husband, Edward Stewart Richardson. She retired, smiling and bowing, but responded to the encore, although her feet pained her. Her husband took a bottle of club soda and proceeded to bathe them.

The bathing process still was in progress when a waiter entered bearing a tray of champagne. The amused waiter dared to laugh. The laugh angered Richardson and he punched the waiter in the eye.

Lady Constance Stewart-Richardson, in December, 1909, against the pleadings of her relatives, signed a contract to dance in an English music hall at \$1500 a week. She is the daughter of the Earl of Cromartie.

At a private entertainment in the home of her aunt, the Duchess of Sutherland, after signing her theatrical contract, she gave a dance typifying a Zulu bride's joy when her husband returns victorious from war. After the inter-pretation she was so exhausted that she could not rise from the couch on which she flung herself.

Discussing dress reform in an interview in New York last June, she said: "Corsets are brutal and stupid. They mar a body; they torture a mind. A loose, flowing tunic showing the perfect lines of the form is charming, sanitary and decent."

## BECKER UNLIKELY TO FACE SECOND TRIAL FOR LIFE

District Attorney Whitman Considers Appeals Ruling Virtually Would Insure Acquittal.

SOON OUT OF DEATH CELL

Health Improved and He Probably Will Be Returned to New York Tommorrow.

### Where Becker Informers Live and What They Do

NEW YORK, Feb. 25.—The four chief informers against Lieut. Becker are engaged as follows:

**JACK ROSE**—Turned church lecturer in the winter and farmer in summer. In the spring he expects to return to his Connecticut farm.

**"BRIDGE" WEBER**—Has a box factory in Passaic, N. J., where he resides. He had saved enough to set up in business, and his friends say he has given up gambling.

**SAM SCHEPPS**—Returned to New York about two months ago after trip to Paris. He is seen frequently at the home of his mother and at his brother's restaurant on Sixth avenue, near Forty-fifth street. He gives his business as a jewelry salesman.

**HARRY VALLON**—Living on Fiftieth street, Brooklyn, with his family. Has been trying recently to avoid publicity as much as possible. His friends say he is working.

NEW YORK, Feb. 25.—That Police Lieutenant Charles Becker will not suffer any further inconvenience as a result of the murder of Gambler Herman Rosenthal, beyond a few months' further incarceration in the Tombs, seems now to be certain. Lawyers who have read the opinion of the Court of Appeals setting aside the conviction of the policeman are agreed that under the findings of the Supreme Court of New York no conviction could be made to stand.

The fact that testimony of accomplices must be corroborated by at least one witness who is not an accomplice, and that Sam Schepps seems to be regarded by the Court as guiltily involved in the scheme, a second conviction seems impossible. When the question of Schepps' implication came up in the trial, Justice Gott left it to the jury to decide. That in this trial Judge erred in the conclusion of six of the seven judges.

**Informers' Testimony Discredited.** As District Attorney Whitman is said to have interpreted the opinion, the testimony of the three chief witnesses against Becker—Jack Rose, Bridge Weber and Harry Vallon, self-confessed accomplices—has not been held by the Court to be credible. Although it is known that the District Attorney has new evidence he could bring forth, the testimony of these three, the gamblers who said they hired the gunmen to kill Rosenthal at Becker's behest, was the foundation of the case.

The opinion does not enter into the question of the guilt or innocence of the accused according to the weight of the evidence introduced, although this phase of the trial is touched upon.

The reversal is based solely upon errors committed by Justice Gott in the admission of evidence and the exclusion of evidence and upon his treatment of the defendant and counsel for the defense.

**Will Go Back to Tombs.** Joseph A. Shay, attorney for Becker, expects to serve the remittiture of the Court of appeals on the prison Warden tomorrow. Becker will then leave the death house, where he has been confined since the fall of 1912, and be returned to a cell in the Tombs prison here until the final disposition of his case.

As soon as Becker gets out of prison he asserts he will devote all his energies to running down the men who he says are responsible for the murder of Herman Rosenthal.

"The four gunmen are terribly downhearted today, because they, too, were not granted a new trial," he said. "They thought their case was tied up with mine. When I was informed that I had been granted a new trial they immediately concluded this included them. They were joyous. It was hard when they were told the truth."

"The four men who got life insurance policies from the District Attorney for swearing away my life, may yet be arrested for the murder of Rosenthal. I think that Harry Vallon is the man who fired the fatal shot. That's the reason he got drunk before the killing. He wanted to get his nerve up for the deed. He needed courage to pull the trigger of his revolver."

**Looks Like an Athlete.** Becker's stay of 16 months in the deathhouse has resulted in changes in his appearance. He has improved in health and his makeup is that of an athlete in training. Also, he has read a great deal.

Jack Rose, the chief witness for the State against Becker, said today that he was ready to testify again in the case if wanted.

**Bridge Weber Says He's Through With Becker Case.**

NEW YORK, Feb. 25.—Bridge Weber, a resident of Passaic, N. J., where he and his brother own the Garfield Paper Box Co., when asked yesterday for his views on the new trial granted Lieut. Becker said:

"No more New York for mine. I'm through with the Becker case. I don't want to be bothered any more. I tell you, I'm through."

## Women With Their Babies at Granite City Polls Having First Experiences as Voters

LEFT TO RIGHT—RUTH APPEL, MRS. FRED HOLDINGHOUSE, MRS. J. A. APPEL, MRS. WILLIAM SCHOLEY, MRS. H. F. BUTLER.

### 1500 WOMEN BECOME VOTERS IN GRANITE CITY

Some of Them Take Babies Through Snow to Register for Spring Election.

About 1500 women of Granite City left their homes and walked through the snow Tuesday to register for the spring elections.

Many left children at home with a maid or an obliging neighbor. Others took their babies to the polls. Mrs. J. A. Appel found no one with whom to leave her daughter, 3-year-old Ruth Elizabeth, and pulled her to the Third Ward polling place on a sled.

The polls were so crowded with women voters at times in the afternoon that lines had to be formed.

Women who stood in line with Mrs. Appel at the 3 o'clock rush at the Third Ward precinct were Mrs. H. F. Butler, Mrs. William Schooley, Mrs. Fred Holdinghouse, Mrs. Edith Clark and Miss Olivia Clark.

Mrs. Clark also took her baby to the polling place. "He'll be a voter some day," she said, "but he might as well learn."

**Officials' Estimates Fall Short.** Officials at the city hall gave estimates in the morning as to how many women would register. Chief of Police White led the list with an estimate of 500. Police Judge Charles Sowell was low with a guess of 200. The estimates were based on the early morning registration and showed that more men know little of woman's newly awakened interest in politics.

In the Second Ward approximately 1100 registrations were recorded and a clerk said at closing time that at least 700 of them were women. In the Third Ward 400 women and about the same number of men registered. The other wards are smaller and the percentage of women who registered was also smaller, running from one-third to a half of the total. Approximately 200 registered in the Fifth Ward and one-third were women.

**Factor in Liquor Election.** Many amusing incidents occurred at the polling places. One woman declared she "did not believe women ought to vote, but she was going to vote in the local option election April 7."

"My husband is going to vote wet," she said, "and I am determined to kill his vote."

Mrs. Appel, a W. C. T. U. worker, said her husband was "going to vote right" and she expected to add her vote to his. The W. C. T. U. officials were jubilant over the large registration of women and declared it presaged a dry victory in Nemo's Township at the local option election.

Mrs. H. F. Butler, an officer of the W. C. T. U., said: "Nameoki Township is going dry. The wets can't muster enough votes to offset the large vote that the women will poll."

The Personal Liberty League, formed Tuesday night in the Elks' Hall and discussed plans for enlisting women in their campaign. They will have banners made bearing the inscription, "If you love liberty, vote No."

## HEARST-HARRISON FACTION BEATEN IN CHICAGO PRIMARIES

Seven Women Without Opposition for Aldermen, 30 Per Cent of Women Vote.

CHICAGO, Feb. 25.—A crushing defeat was administered the Hearst-Harrison forces in yesterday's aldermanic primaries. The Municipal Voters' League won a sweeping victory, losing but two candidates in the entire city.

Only 30 per cent of the registered women vote of the city was polled. The total in the 25 wards was 47,528, as against a registration of 158,524. The percentage of men who voted was approximately the same, 20 per cent.

Seven Chicago women who had no opposition were nominated for Aldermen. Three of them were Progressives and four were Socialists. Two women, candidates on the Democratic ticket, held strong opposition and were defeated.

**Women, Defeated, Deny Suffrage.** They were Mrs. Marie Gerhardt in the Twenty-third Ward and Miss Sara Hopkins in the Second. Miss Marion Drake in the First and Mrs. Julia Agnew in the Thirty-first were nominated as Progressive candidates, having no opposition. Miss Drake will oppose "Bath House John" Coughlin.

Miss Hopkins, who toured the fifty odd precincts of her ward, the Second, with a huge streamer bearing the words "Vote for Me" on her limousine, announced after her defeat, became known that she had been converted to the anti-suffrage cause. She said that, in her belief, woman suffrage, as she had witnessed its effects, would be a bad thing for the country.

There was a clash in the Twentieth Ward, where "Morris" Abraham is running for the seat of his brother, the late "Manny" Abraham. Mrs. "Manny" Abraham is also a candidate. Gottlieb Slattery and his wife, who have been separated, met over the ballot box.

**Couple Battle at Polls.** "Hooray for Morris!" said Slattery jauntily to his wife.

"He's as good as you are, and you're no good," was Mrs. Slattery's reply. "Is that so?" said Slattery, and reaching across the ballot box, he knocked his wife down. The woman got to her feet and made a rush for Slattery. They were pushed into the street, still fighting. When the crowd was scattered, Mrs. Slattery was seated on the prostrate form of her husband.

Mayor Harrison was too ill to cast his ballot, but Mrs. Harrison voted, seconded by Dina Devries and Mary Connelley. Harrison took and made.

Officials of some West Side polling places had trouble separating the husbands from their wives when they appeared to vote. Several wanted to go into the same booth and mark their ballots together. Other husbands insisted on pulling aside the curtains to see how their wives were voting.

"Anton, come in here and tell me what to do; I forget which name you told me called out one woman."

Miss Drake was the only Progressive candidate in her ward.

**Two Fayette County Townships Vote for Single Commissioner.** VANDALIA, Ill., Feb. 25.—Fair Grove and Kaskaskia townships adopted the single commissioner system Tuesday. One woman voted in Kaskaskia Township.

**Stove, Range and Furnace Repairs.** A. G. Brauer Supply Co., 518 N. 3d st.

Democratic party—Aldermen, Eighth Ward, J. R. Pear, 1.

**MRS. WINN'S ADVICE TO WOMEN**

Take Lydia E. Pinkham's Vegetable Compound and Be Restored to Health.

"The doctors told me I would never be cured of organic trouble. At intervals my pains were so bad that I could not bear my weight on one foot. I began taking Lydia E. Pinkham's Vegetable Compound and had not finished the first bottle when I felt greatly relieved and I took it until it made me sound and well, and now I have two fine baby girls. I cannot praise Lydia E. Pinkham's Vegetable Compound too highly for what it has done for me. I always speak a word in favor of your medicine to other women who suffer when I have an opportunity."

—MRS. H. T. WINN, 1225 Fremont Av., Kansas City, Mo.

**Read What Another Woman Says:** Cumming, Ga.—"I tell some suffering woman every day of Lydia E. Pinkham's Vegetable Compound and what it has done for me. I could not eat or sleep, had stomach and was in misery all the time. I could not do my housework or walk any distance without suffering great pain. I tried doctors' medicines and different patent medicines but failed to get relief. My husband brought home your Vegetable Compound and in two weeks I could eat anything; could sleep like a healthy baby, and walk a long distance without feeling tired. I can highly recommend your Vegetable Compound to women who suffer as I did, and you are at liberty to use this letter."

—MRS. CHARLIE BAGLEY, R. 3, Cumming, Ga.

**Where Other Votes Were Cast.** The balance of the 49 votes were distributed between the following parties: Independent-Municipal, 5; People's Economy, 23; Democratic, 2; Progressive, 3; and Republicans, 2.

These are the candidates nominated and the votes they received: Republican party—For Aldermen, Sixth Ward, Henry Vogt, 1 vote; Assessor, M. J. Fagers, 1; Chief Supervisor, John Hall, 1; Assistant Supervisor, Lee Nugent, 1.

Independent Municipal party—Alderman, Sixth Ward, Edward Dooley, 3; Paul A. Winterman, 1; Assessor, William Sands, C. E. R. McQuillan, E. M. Pendleton and Jacob Ruff, 1 each.

**For Most Draw Lots.** The three who received one vote each for Assessor will have to draw lots to determine which shall be the candidate, and of the 16 who received one vote each for Assistant Supervisor, seven will have to be eliminated in the same way.

People's Economy ticket—Alderman, Seventh Ward, David Coninsky, 7; Chief Supervisor, William Metzger, 1; Assistant Supervisor, David Coninsky, 1; Co-

## NEGRO SLAYER LYNCHED

Riddled by Bullets After Futile Attempt to Burn Him.

LELAND, Miss., Feb. 25.—Sam Petty, a negro accused of having killed Charles W. Kirkland, a Deputy Sheriff, here late yesterday, was shot to death by a mob of 300 men last night and his body burned.

An effort to burn the negro alive failed when the flames burned the rope with which he had been bound. Petty was riddled when he attempted to escape. He was wanted on a trivial charge, and killed Kirkland with a shotgun when the latter entered a cabin in which the negro had taken refuge.

## EAT LESS MEAT AND TAKE SALTS IF YOUR KIDNEYS ACHE OR BACK HURTS

Says Bladder irritation or Rheumatism means your Kidneys aren't straining uric acid. Begin taking Salts.

Meat forms uric acid which excites and overworks the kidneys in their efforts to filter it from the system. Regular eaters of meat must flush the kidneys occasionally. You must relieve them like you relieve your bowels; removing all the acids, waste and poison, else you feel a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated, and when the weather is bad you have rheumatic twinges.

To neutralize these irritating acids and flush off the body's waste get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine and bladder disorders disappear. This famous salt is made from the acid of grapes and lemon juice combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys and stop bladder irritation. Jad Salts is inexpensive, harmless and makes a delightful effervescent lithia-water drink which millions of men and women take now and then, thus averting serious kidney and bladder diseases—ADV.

**HUDSON Sixes**  
Six-40 \$1750 Six-54 \$2250

54 of the 79 Automobile exhibitors at the 14th National Automobile Show, held in New York Jan. 3 to 10 this year, displayed six-cylinder cars, Eighteen showed Sixes exclusively. That emphasizes the dominance of Sixes.

## A \$1750 Light Weight Six

The new HUDSON Six-40 is, in these ways, the most interesting car of the year. It is the handsomest design produced, almost identical with that distinguished car, the new HUDSON Six-54. It costs less than any comparable Four. It weighs less than any comparable Four. And it costs much less to operate. These statements are true, and being true, they mean that no man paying over \$1500 can wisely buy a Four. Sixes have, too, many advantages. They are smooth-running, flexible, free from vibration. They ride like constant coasting. And they save on tires. Four-cylinder cars have long been unsalable at any price which bought a good Six.

### Now Comes a New Era

Now comes a Six built on new principles, first worked out in Europe. A small-bore, long-stroke Six—a light-weight Six—a Six which consumes less fuel, by far, than any Four of equal power. Now, for the first time, Economy itself comes on the side of Sixes. The price is less, the weight is less, the weight-keeping less comfortable. That makes this Six-40 fairly irresistible to men who want cars in this class.

### Come Drive It Today

See the new-type, streamline body to which modern cars are coming. See the new ways for carrying gasoline and tires. See the "One-Man" top, the disappearing extra tonneau seats. Drive this Six. It will give you a motoring sensation not possible in any Four. You'll find this HUDSON Six-40, in twenty ways, the most attractive car you know. And the price complete, with seats for up to seven passengers, is \$1750, f. o. b. Detroit.

## GILL SUBMITS SAMPLES OF STONE FOR CAPITOL

Ste. Genevieve Material Selected by Contractor—Probably Will Cause Suits.

JEFFERSON CITY, Feb. 25.—Contractor K. F. Gill has submitted samples of Ste. Genevieve building stone to be used in the construction of the new State Capitol. It was learned today. The samples were forwarded to the New York architects and Gill will be here next Monday to submit his samples to the State Commission for its approval or rejection. The commission will not approve Ste. Genevieve stone. This much is certain. When Gill first suggested the construction of the Capitol from Ste. Genevieve stone, which is similar in texture and character to the Bedford deposits, the commission vetoed his proposition upon the ground that the Ste. Genevieve quarries are not "fully developed."

This means further strife and controversy between the Capitol Commission and the architect, which may get into the courts.

## CARELESS LOVING WIFE TRIUMPHS IN DEBATE

Women Judges Decide More Desirable Than Scolding Spouse.

The great domestic question which has been worrying the members of the Hagerman Memorial Methodist Church in Webster Groves, "Is a Careless, Loving Wife More Desirable Than a Neat, Scolding Wife?" was settled after a spirited debate in the church hall Tuesday night. The careless, loving wife was declared to be the winner. And this declaration was voiced by the three women judges of the debate—Mrs. C. W. Bonnell, Mrs. A. C. Kinkaid and Mrs. O. Miller. Arthur V. Lashly, County Prosecuting Attorney, and the Rev. F. L. Geyer, pastor of the church, championed the cause of the careless wife, while John A. Nolan, a lawyer, defended the neat, scolding wife. Nolan contended that most husbands were sadly in need of systematic scolding. Lashly defended the careless wife on the ground that neatness was a human attribute, while love was heavenly.

## CHAUFFEUR IS BURNED; PUTS OUT FIRE IN SNOW

Oney John, a chauffeur for H. N. Davis of 56 Vandeventer place, was burned on the hands and face Wednesday afternoon when trying to put out a fire in a brick garage in the rear of the residence. The fire was started by a backfire from an automobile which John was cranking. The garage, valued at \$300, and two automobiles and six tires, worth \$600, were burned. John was treated by a physician in the neighborhood. His clothes were set on fire, but he ran out and rolled over in the snow, extinguishing the flames.

## Six Years of Coughing Stopped

The Doctor told Wm. J. Sullivan he suffered from the worst form of Bronchitis, but the medicine he prescribed failed to do any good. In fact, nothing helped until Duffy's Pure Malt Whiskey came to the rescue, as it always does. Naturally, he refuses to listen to the "just as good" talk of dealers.  
"I had a bad cough for over 6 years. I would cough every morning on getting up. My doctor said: 'You have Bronchitis in its worst form.' Medicine he gave me did me no good, and after trying everything else I was advised to try Duffy's Pure Malt Whiskey before meals with egg and milk. After three months my cough disappeared and I have not been bothered with a cough or cold since. My weight has increased steadily, so I now weight 185 pounds."  
"I take pleasure in recommending Duffy's Pure Malt Whiskey to my many friends who have known me in this section where I was born and have resided for over 47 years. Many times dealers have tried to sell me something else which they claimed as being better than Duffy's Malt or 'just as good.' I have been advised by my physician to always insist on getting just what I ask for and to beware of the 'just as good' article."—Wm. J. Sullivan, 270 Driggs Ave., Brooklyn, N. Y.

## Duffy's Pure Malt Whiskey

is an absolutely pure, gentle and invigorating tonic and stimulant. It overcomes weakness, wasting and run-down conditions, giving the system power to resist or throw off coughs, colds, grip, catarrh, bronchitis, asthma and lung troubles. It is a wonderful remedy in the prevention of consumption, pneumonia, malaria and low fevers if taken as directed. It has been before the public for more than half a century and its wide popularity as a medicine of known value has caused many unreliable dealers to put up imitations and substitutes with which to fool the people. When you are offered a substitute claiming to be "just as good" as Duffy's Pure Malt Whiskey, depend upon it that the dealer is thinking of his profits only and has no regard for your health. Insist on the genuine. Sold in sealed bottles only by most druggists, grocers and dealers, \$1.00 a large bottle.

# PRESIDENT'S DAUGHTERS SEEN IN A BIRD PLAY

Misses Margaret and Eleanor Take Part in New York Presentation of "Sanctuary."

NEW YORK, Feb. 25.—Two conferences on "conservation of bird and animal life," held under the auspices of numerous societies, interested in the movement, were ended last night with effective presentation of Percy Mackaye's lyric-drama, "Sanctuary."

This piece was first acted last summer at Cornish, N. H., where the President and Mrs. Wilson had their vacation home. Two of the President's daughters took part in the first performance, and again two of them were among the principals in that given last night in the north ball room of the Hotel Astor.

"The Hermit Thrush" was sung by Miss Margaret Wilson. The prologue was delivered by Mrs. C. D. Coburn as "Fantasy." Miss Eleanor Wilson impersonated Ornith, the bird spirit. Joseph Linden appeared as Quercus, a faun; M. C. Mackaye essayed the role of the poet. Shy, a naturalist, was acted by Ernest Harold Baynes; Tacita, a dryad, by Juliette Barrett Rubie, and Stark, a plume hunter, by C. D. Coburn.

# GRAY FADED HAIR, OR BEAUTIFUL DARK AND ATTRACTIVE—CHOOSE MADAM

Says Sage Tea Mixed with Sulphur Restores Natural Color and Lustre—also Removes Dandruff from Scalp.

Gray, faded hair turned beautifully dark and lustrous almost overnight is a reality, if you'll take the trouble to mix sage tea and sulphur, but what's the use, you get a large bottle of the ready-to-use tonic, called "Wyeth's Sage and Sulphur Hair Remedy" at drug stores here for about 50 cents. Millions of bottles of "Wyeth's" are sold annually, says a well-known druggist, because it darkens the hair so naturally and evenly that no one can tell it has been applied.

You just dampen a sponge or soft brush with Wyeth's Sage and Sulphur and draw it through your hair, taking one small strand at a time. Those whose hair is turning gray, becoming faded, dry, scraggly and thin have a surprise awaiting them, because after just one application the gray hair vanishes and your locks become luxuriantly dark and beautiful—all dandruff goes, scalp itching and falling hair stops.

This is the age of youth, gray-haired, unattractive folks aren't wanted around, so get busy with the Sage and Sulphur tonight and you'll be amazed at your youthful appearance and the real beauty and healthy condition of your hair within a few days. Inquiry at drug stores here shows that they all sell lots of "Wyeth's Sage and Sulphur" and the folks using it are enthusiastic. ADV.

# APOLLO Player Piano

# Do You?

Most folks expect their player pianos to last a life time.

Do you?

Divide then, the little difference the Apollo costs you in the first place, over the life-time of pleasure it will yield.

See how little more per year, the wonderful Apollo Player Piano costs, than an ordinary instrument.

And—in the Apollo Player Piano you get features that our patents prevent other manufacturers from offering. Here are a few. Judge for yourself of their value—

No player piano besides the Apollo is permitted to play by touching down on the keys. This is the correct way. It is the way the piano is built to be played. You know that.

Only manual pianists and the Apollo accent the melody and omit it. This is a vital part of piano music but

our patents make it exclusive with the Apollo Player Piano.

The Metronome Motor, which revinds music rolls without pedalling, is so durably constructed that it will run even when completely immersed in water. Its adjustment and action are as accurate as a fine watch. It is exclusive with the Apollo.

Call or write us for all the facts. The features above are but a few of many. The two booklets we send show photographic comparisons of the different construction covering all the vital facts about player pianos in general as well as the Apollo in particular.

# MILLIONAIRE CLUB MAN IS ACCUSED UNDER MANN ACT

J. Parker Whitney Arrested in California on Charges by Woman He Refused to Marry.

By Associated Press.  
SAN FRANCISCO, Feb. 25.—J. Parker Whitney, millionaire clubman, accused of violation of the Mann act, was arrested today on his \$5,000,000 ranch in Placer County. Under a tentative bond of \$10,000 he was allowed to remain on the ranch in charge of the arresting officer until this afternoon, when they started to Sacramento.

Whitney is charged with transporting Genevieve Hannan from New York to San Francisco for immoral purposes. He said it was a "case of blackmail."

The woman in the case gives her address as the Plaza Hotel, in New York. According to her story, she met Whitney at the Plaza Hotel in the early part of 1913, and on his promise to marry her, she says, she accompanied him to Atlantic City, Boston, Denver, Seattle, Vancouver, Victoria, and finally to San Francisco.

She says that she returned to New York last August and was away until just before New Year's, when she came back to this city. Upon her return she says that she found that Whitney's affection for her had died and that he ignored her and refused to fulfill any of the promises that he had made.

# SUPPORT FOR TUTTLE MEMORIAL IS PLEDGED

Committee in Charge of Church Building Plans Receives Many Responses to Letters.

Support for the proposed Bishop Tuttle Memorial Church of St. Mary's, to be erected in commemoration of the presiding Bishop of the Episcopal Church in America, is voiced in letters received by the Rev. L. H. White, rector of the church, and the St. Louis committee in charge, who are sending far and wide the plans as prepared by the architects.

The St. Louis Committee, consisting of E. C. Simmons, Walker Hill, the Rev. L. H. White, Coadjutor-Bishop F. P. Johnson, Charles E. Smythe and William Bagwell, announced Tuesday that it had sent 600 letters to points in the United States, Japan, India, China, Persia and other countries. The Archbishop of Canterbury, the Bishop of St. Alban's and the Rev. Alexander Mann of Boston, all warm friends of the St. Louis prelate, are among those who have responded. Contributions will be voluntary.

A site near that of St. Mary's, at Ridge and Hamilton avenues, is to be purchased upon which to build the memorial edifice. The church is to be completed and dedicated at the time of the general Episcopal convention in St. Louis in 1916.

## FRISCO BOWLERS OPPOSE PICK OF ST. LOUIS STARS

Visitors Boosting for World's Championship Tournament at Exposition.

\$50,000 TO BE HUNG UP

London Five Has Already Entered World's Championship Alley Event.

One of the best tenpin matches of the winter season is expected to result from the meeting tonight between three St. Louis experts and a trio of stars from San Francisco. The visiting rollers are E. S. Bush, president of the San Francisco Bowling Association; E. W. Scott, secretary of the Pacific Coast Bowling Association; and E. W. Irwin, the individual champion of San Francisco.

The men arrived in St. Louis from Kansas City, where they were beaten in a special match by a remarkable score. The Kansas Cityans, on a "crown" alley, ran up a total of 234 pins. The Frisco men considered themselves fortunate to roll the rather remarkable score of 222, an average of 216, on strange alleys.

Tonight's match will start at 8 o'clock on the Washington alleys. The opponents of the visiting trio are Jake Pflieger, George Qualey and Jules Schmidt, who represent about the strongest three-man team in the city.

**\$50,000 Prizes Offered.**

The visiting bowlers are also here to arouse interest in the international tenpin tournament which will take place at Frisco during the Panama Exposition, starting March 1 and continuing to Dec. 1. This tournament will be open to all bowlers in the world. Already one five from London has entered, while five teams from Berlin, Germany, have announced their intention to enter.

E. W. Scott of the Pacific Coast Association said of the tourney:

"A prize list of \$50,000 has been announced for this event and may be exceeded if the entry fee surpasses expectations. Thus far we have enlisted the support of the new Pacific Coast Bowling Association, which has a membership of 2100 bowlers. Ninety per cent of these have already announced they would enter.

"Besides, we are affiliating with the Middle West, National, International American, Canadian and Northwestern Bowling Associations and expect to get their support.

"We are trying to have these bowlers so arrange their tournament dates that players can come West by easy stages, bowling at one or more sectional tournaments on the way.

"Our present swing around the United States will include every city of importance in the country."

## Chicago Outlaws Incorporate For Quarter Million

SPRINGFIELD, Ill., Feb. 25.—The Federal League baseball club of Chicago was incorporated today, with capital stock of \$250,000, by W. M. Walker, J. A. Gilmore and Charles H. Weeghman.

## FEDS LOSE A CATCHER, GAIN A FIRSTSACKER

CHICAGO, Feb. 25.—Miles Hanger, the catcher sold last night by the Chicago Nationals to the Brooklyn club, has been loaned to the Federal League. It was rumored that he would join the Chicago Federals, but he told Charles Weeghman, president, today that he had signed a Brooklyn contract and would start tomorrow for the team's training grounds at Augusta, Ga.

Hugh Bradley, the former Boston American first baseman, is likely to become a Chicago Federal, and if he is awarded to Tinker's team, Fred Beck will be moved to the outfield, thus giving the local club a good trio of gardeners with Weeghman and Wickland.

John Evers, former manager of the Cubs, said today he had received legal advice to the effect that the bonus promised him for signing a Boston contract could hardly be denied him now. He expects to start for Macon, Ga., his team's training grounds, next Saturday.

Grading work on the Federal League grounds here was started today.

## Rough House Tactics Ruin Sanders' Chance to Win White Gains Decision

Little Men Battle Fiercely for Eight Rounds at Future City A. C., With Eastern Man Showing More Cleverness and Cleaner Ring Methods.

By Harry S. Sharpe,

Referee for the Future City A. C. and the Post-Dispatch's Boxing Authority.

JABEZ WHITE of Albany, N. Y., boxing a clever clean and orderly bout against a heavier and stronger opponent, won from "Tackle" Sanders last night at the Future City Athletic Club. At least that is my opinion, though Sanders had many friends who believed him the winner.

I judge this by the fact that at the closing of the last round there were many calls and cheers for both boys.

At nightfall Sanders was best because his superior weight and strength was a material aid at close quarters, particularly when White was forced against the ropes and was obliged to exert most of his strength to maintain his balance against the pushing, lunging, laying-on efforts of Sanders. He guarded himself well, however, at these times by blocking many blows with his arms and elbows, or he might have fared worse.

But at long-range boxing and exchanges (the latter even at close quarters, when the holding was being done by either), White stood out in the clear and was easily best. His punches were straight, short, snappy ones, better placed than those of his opponent and with excellent judgment of distance.

At the rough-and-tumble style White was at a disadvantage, but often, when the boxers stood breast to breast away from the ropes exchanging body blows, White, despite the fact that he was lighter and not so strong as his opponent, held his own by good blocking and the rapidity with which he worked his hands to and from the body. His blows did not have the force of those pumped in by Sanders.

### Sanders Held Hit.

During the bout there was much clever boxing done by both, but Sanders RUINED HIS PROSPECTS OF WINNING by much clinching, "biting white holding and a disinclination to break from the clinches when ordered to do so. He was so obstinate in the latter violation of the rules that he was obliged to pull him away by nearly every instance, despite the fact that the "clean break" was agreed upon and he knew that he should do his part in stepping back. This often obliged White to hold and prevented a prompt response when they were ordered to "break away."

There were some hitting done by both at times when they were holding, contrary to the rules, but White was not nearly so frequent an offender in this respect as was Sanders.

## Sanders' Seconds Coached Him to Go In and Rough It With His Opponent

I THINK Sanders would have done better last night had it not been for the instructions loudly hurled at him from his corner during the rounds by one of his seconds: "DON'T BOX HIM. GO IN AND ROUGH IT!"

After the bout Sanders declared to me that he tried not to hit while holding, but couldn't help it in the excitement of fighting. And I think he told the truth. A brief summary of the bout is as follows:

Sanders was stronger, heavier and a better fighter. White was a better boxer, a better ring general and faster; blocked better and hit with more precision and superior judgment of distance.

### Bandy Wins Easily.

In the semi-windup, "Kid" Bandy of the Star Athletic Club of this city dealt a severe lacing to "Young" Jack Dillon of Indianapolis, Ind., in a rough bout, the last few rounds of which were made particularly so by Dillon.

The latter had to be cautioned frequently for directing blows so low there was grave danger of his fouling. Some of these blows might have resulted in Dillon's disqualification had they not been well blocked by Bandy. The latter boxed well and had no trouble outpointing his opponent. Dillon did not appear in good

## RECRUIT CATCHER SHOWS GREAT ARM IN PRACTICE GAME

Sugden and Rickey Take Notice When Enzenroth Pegs Out Runners.

From a Special Correspondent of the Post-Dispatch.

ST. PETERSBURG, Fla., Feb. 25.—Five more men reported to Manager Rickey Tuesday, Earl Stinson, a Michigan State League aspirant for an outfield berth; Clyde Wares, the infielder; Ivan Howard, a utility player from Los Angeles, and infielders Dee Walsh and Red Roche are the newcomers. Roche took part in Tuesday afternoon's practice game, as did Clyde Wares, and both showed speed on the paths.

A marked facial resemblance between Outfielder Stinson and Ty Cobb has been noted by some of the scribes and players. Whether the resemblance goes farther than that could not be ascertained. The Michigan leaguer was not in uniform yesterday, and did not work out with the others. Stinson has just returned from a voyage across the Atlantic, and looked rather pale and sea-sick.

### Howard a Brother of Del.

Ivan Howard is the kid brother of the famous Del, formerly a Cub, later manager of Louisville, and now leader of the San Francisco team of the Pacific Coast League. While with the Los Angeles club he played practically every one of the nine positions, and for some time led the league in hitting. Later his average fell, but he is regarded as a valuable acquisition.

Jack Enzenroth made a favorable impression by his work behind the bat in the game Tuesday. He handled the warm delivery of Manning with ease and when Roy Stevens took the mound, he gave the portside encouragement and advice, displaying plenty of "pep" and keeping his other partners going at top speed.

But it was his pegging that commanded the admiration of onlookers and brought down upon him the commendation of his boss. He threw out one of the nine positions, and for some time led the league in hitting. Later his average fell, but he is regarded as a valuable acquisition.

### Clemens Spikes Walker.

The first blood of the season was drawn Tuesday when Cather Clemens, in trying to block Clarence Walker from the plate, spiked him above the left knee with his spikes. Doc Lawler came to the rescue with iodine and bandages and patched up the injured prop. Walker rated an injury or two and then resumed his place, apparently none the worse because of the mishap.

Pitcher Manning, the tall right-hander, displayed considerable smarts and things, but was tapped with frequency and fervor during the session he occupied the mound. Like other hurlers of experience, the Southern Leaguer is not yet hitting his stride, but in an emergency Manning, if he appears, count for much, will be able to acquit himself with credit.

An amusing feature of today's practice was the ineffective hitting of the regular against Ray Stringer, one of the workmen at the park. Sugden caught and coached Stringer, who had the men standing on their ears a part of the time. He was finally knocked from the mound.

"Sliding in the sand pits engaged the attention of the men more than an hour today and the improvement many have shown is considered remarkable. Special stress was laid on the full-way and hook by Rickey and his lieutenants."

### I. A. C. ASKED SEND TANK TEAM TO PACIFIC COAST

SAN FRANCISCO, Cal., Feb. 25.—The Illinois Athletic Club has been asked to send a team here to participate in a swimming meet to be held early this summer. Duke Kahanamoku of Honolulu, the world's champion, and other well-known swimmers have been invited to take part.

## SPORT SALAD BY L.C. DAVIS.

WARY, WARY, WARY. Waiting forever and aye. For something to cheer and to cheer me.

A glimpse of the pennant some day: Wary, so wary of winning the best. Our team was as good as the best. We'll have to lay off and go fishing. And give the old ball game a rest.

### Not With Those Rain Checks.

The Sox and Giants must be in a slump. They didn't make a hit in Paris. That's what they get for not taking Larry Adole and Jean Dubuc along.

Even on his native heath, Johnny McGraw isn't noted for his Chesterfieldian manners.

Rickey had better call that name of "Panderers." It doesn't listen very well, when taken in connection with the Browns' past record.

It's a shame for a young fellow like Hoppe to kid old man Sutton the way he did in the first block of their billiard match.

The Feds must be getting desperate. A lead line ready, "Federal Kidnap and kill American." It's all right to kidnap 'em, but what's the use in killing 'em. There's too many dead ones playing ball now.

**We Can Now Beard the Lion.**

"Brother," Charles Taff enjoys the distinction of being the only major-league magnate with whiskers.

However, whiskers are an acquired habit and there's no one to blame but himself.

After all, there are worse things than whiskers. For instance, ear muffs.

Ear muffs are all right, too, in a way. For instance, skaggy.

**NEWS of Charley Murphy's** recent big killing in baseball must have noised abroad. While waiting for a train in Lafayette the proprietor of a restaurant tried to stick Charley to cents extra for an orange. Murphy declined to be stuck. He said he had often paid as high as \$5000 for a lemon, but he'd be damned if he would give 20 cents for an orange.

**WEALTH HAS ITS DISADVANTAGES.**

When it comes to having a hole in all at short, the Browns have nothing on the Cards.

### MATTY WILL SEE MCGRAW BEFORE GOING TO FEDS

LOS ANGELES, Cal., Feb. 25.—Before signing a contract with the Giants or accepting the proposition of President Gilman to name his own terms for managing the Brooklyn Federal Club, Christy Mathewson said today that he would talk the matter over with John McGraw, the manager of the Giants, or some representative of his.

Mathewson was planning to leave today for the Giants' spring training camp at Marlin Springs, Tex., where he expected to meet McGraw or some other official of the Giant club.

Mathewson said that beyond mailing him a contract as required by National League laws, the Giants so far had not communicated with him, nor had any of the League officials.

## SULLIVAN WIRES FERNS AN OFFER TO FIGHT KELLY

Future City A. C. Would Substitute "Wildcat" for Harry Trendall.

Clarence ("Wildcat") Ferns of Kansas City will probably be the opponent of Leo Kelly of this city in an eight-round bout at the Future City Athletic Club next Tuesday. Kelly was to have met Harry Trendall, but the match fell through.

Tuesday night Sullivan wired Ferns a good offer to fight Kelly. If the weight is agreeable the match will be made. Ferns may not be able to come down under the welterweight maximum.

## St. Louis Boxer Fights Six Men in One Night

EDDIE RIVOIRE, the clever St. Louis welterweight, who made such a favorable impression in several of his bouts here, but most of whose boxing is done in Philadelphia, is making a tremendous hit in the latter city, and his services are in demand.

On last Thursday night Rivoire met six men in the ring of the Broadway Athletic Club, one round each, and all of them had an advantage of weight. Despite the unusual handicap, Rivoire came through the ordeal with flying colors, defeating Joe Brock, Willie Witte and Artie Fink, battling to a draw with William Baker and Al Winters and losing to Jimmy Crouse.

Duffy has entirely recovered from a case of ptomaine poisoning which followed a bout with Charley White a few weeks ago.

## Cornell to Send Team That Beat Yale to Coliseum

Caldwell, Speiden, Potter, Irish and Reller Nominated for Local Meet.

Cornell University, through D. E. Kent, graduate manager of athletics, has notified Dr. C. W. Bassett of the M. A. C. that the same relay team which defeated Yale in First Regiment games at New York will be sent here March 14 for the big indoor carnival at the Coliseum. The runners nominated for the race here with Princeton are: H. E. Irish, C. L. Speiden, D. E. Potter and D. S. Caldwell.

Caldwell is the star of the team, having equaled John Paul Jones' record of 1m. 32.5s. for the half mile. He is a sophomore and is believed to have the brightest future of any sprinter in the East.

Besides the relay team, Cornell will include O. A. Reller, the former Testman high star, who has been winning with pleasing regularity in the last two years. Reller will compete in the special 50-yard dash against Parker, Belote and Kuhn of Chicago.

## WRAY'S COLUMN

### Hoppe Better Than Schaefer.

RELUCTANT persons who have been wont to say: "Willie Hoppe's a nice little ball-line billiardist, but he couldn't have held a candle to Ives or Jake Schaefer," should offer a motion to reconsider, after the recent performances of "Wee Willie."

Neither Schaefer nor Ives ever duplicated the remarkable performance of Hoppe, in the present match with Sutton (under the same conditions), of running out 800 points in four innings, averaging 135; of scoring 1000 points in 18 innings, average 55.6 points; or of making consecutive runs of the size of those scored by "Willie" Tuesday night, with the anchor nurse barred.

Hoppe's average is the best competitive mark ever established in a match game of similar duration, in public.

And, that this alone may not be taken as a measure of Hoppe's ability, it may be pointed out that HOPPE HAS CONSISTENTLY SHOWN THAT HE OUT-CLASSES ALL OPPOSITION in the world, in spite of the reports of his nervous breakdown, sent out two years ago.

### Moderns Outclass Ancients.

MATRICE DALY and other old timers who live chiefly in the past and get an antiquated view of things existing today as compared with those of former times, pick Hoppe to pieces; but HOPPE GOES ON PICKING UP THE CHANCE!

### Sutton a Great Player.

SUTTON is a great if erratic player. He defeated Hoppe in a short tournament game with an average of 100 points, running out 400 buttons in four innings. The only time he ever defeated Hoppe for a title he did it with an average of 35.3, in 1906. Hoppe has, since then, trimmed him in five successive championship matches.

### Jinx Rides With the Cards.

AS told in this column some days ago at the time of sending Arnold Hauser south with Shneur, the services of this great shortstop will probably be lost to the Cardinals for the season. Confirmation from St. Augustine came Tuesday, with the report that he might be sent home soon.

The Cards' owners deserve better. During an entire season they paid Hauser's expenses while he was forced to remain on the bench with a bad knee. The club paid most of his doctor bills and also his operation expenses at Johns Hopkins Hospital.

Jinx surely is with Britton, to have such a return follow a Samaritan act.

Cards' Case Extremely Black.

THE case of the Cardinals was woe-ful enough, even with Hauser's possibility. With him out of the run-

### What Will Jimmy Duffy Say?

WHEN James Duffy of Lockport, N. Y., arrives from the East for his bout with Freddie Welsh, he will probably have something to say about the referee conditions.

Not that the club's official referee, Eddie Randall, is not both competent and honest; but Duffy's manager may take exception to the fact that Freddie Welsh is working out daily in the Missouri A. C. gymnasium, at the invitation of Randall, the club's instructor.

However, Randall does not himself box with Welsh, but merely offers the courtesy of the "gym" to the Briton. Nevertheless, were the fight for an important purse or title, the circumstance would cause comment and what's true of a big bout should apply equally to a less pretentious one.

### Sutton Must Win 926-500, in Last Tilt With Hoppe

Champion, by Setting New World's Record, Takes Commanding Lead in 18.2 Match.

CHICAGO, Feb. 25.—George Sutton must score 926 points to Champion Willie Hoppe's 500, if the veteran cueist is destined to win the special match which will close here tonight. After taking the first block Monday evening, 500 to 420, Sutton had hopes of winning, until Hoppe ran rough-shod over him in the second block last night.

The champion won Tuesday's match, 541 to 31, collecting all his buttons in 20 innings. He hung up a new world's average of 135.4 and all but clinched the match. Only the biggest reversal of form on record will save the day for Sutton.

A side bet of \$2000 hinges on tonight's play. Sutton must score two to Hoppe's one to win. Hoppe's runs last night were: 177, 150, 11, 26, total 341. The best previous average was 100, made by Sutton in April, 1906, at New York.

### Brooklyn Feds Have Contract for Ivey Wingo

Gilmore, Ward & Co., Also Will Submit Documents to Speaker and Crawford.

NEW YORK, Feb. 25.—When the Giants and White Sox return home on March 6, on board the steamship Lusitania, James Alexander Gilmore, leader of the Federal League, Robert E. Ward, owner of the Brooklyn Federals, and Charles Weeghman, the money man of the Chicago club, will be waiting for them with Federal League contracts and blank checks. While the "outlaw" organization is after as many players as it can obtain from the "around the world" teams, there are two big leaguers, Ward and Weeghman are willing to part with a big bag of money to get.

These two players are "Wahoo Sam" Crawford, the veteran Detroit outfielder, and Tris Speaker, the centerfielder of the Red Sox. Another player with a big salary who can demand a big salary for his services is Ivey Wingo, the peppy little backstop of the St. Louis Cardinals.

Having failed in his effort to persuade Jake Stahl, the former manager of the Red Sox, to forsake his banking business, Mr. Ward will now endeavor to land either Crawford or Speaker to lead his club. The officials of the Red Sox recently called Jimmy Callahan, manager of the White Sox, to sign Speaker, but Tris said that he would not affix his signature to a contract until he returns.

## BUTLER IS BEING GROOMED TO TAKE HAUSER'S PLACE

Huggins Plans on Playing Ex-Pirate Second Sacker at Short This Season.

From a Special Correspondent of the Post-Dispatch.

ST. AUGUSTINE, Fla., Feb. 25.—Artie Butler, who won his big League spurs as a second baseman in Pittsburgh, probably will be reformed into a shortstop immediately to fill the gaping hole caused by Arnold Hauser's expected withdrawal from the Cardinal squad.

Aside from Butler, Manager Huggins has Nash, a recruit from Waterbury, Conn., and Whitted, the "jack-of-all-trades," who played 33 games at short for the Cards last year. Present indications are that Whitted will guard third, while Butler will go to short, with Nash as his understudy.

Hauser, it is believed by Manager Huggins, is completely out of the running. He has suffered a nervous breakdown and is many pounds under weight, too light to be of any use to his club. Hauser's poor physical condition is reflected in his behavior on the ball field. He has taken little interest in the practice and seems to suffer from melancholy, refusing to

## Nationals' Scout Is Jumped to Local Feds After Bob Groom, Who

LONG TOM HUGHES, the veteran pitcher, who has been with the Washington club for several seasons, only to be released this winter to Los Angeles, paid St. Louis a visit Monday in the interest of the club that fired him. Hughes came here as Griffith's special agent, hoping to get Bob Groom, the Washington pitcher, to jump back into the organized fold.

Groom recently signed with the St. Louis Federals.

Mordca Brown, the local out-law manager, was not worried when he learned that Hughes was gun-shooting around Belleville. "Groom has signed with my team, and he'll play here," says Brown.

He probably will be sent home this week, accompanied by Groundkeeper Dick Shaner.

## Hauser Hurt Last Spring.

The loss of Hauser at this time puts a serious crimp in Manager Huggins' plans. Hug today faces the same discouraging outlook that confronted him a year ago, when Hauser was injured in the first week of practice at Columbus, Ga. Hauser wrenched his knee sliding into second base at Columbus and never has amounted to much as a shortstop since.

If Butler is forced to perform at short, Huggins will be deprived of a second-string man for the middle innsack. The little manager is none too sure that he will be a regular himself this season and he relied on Butler as his logical successor. Now he

will be forced to start Butler at short and inject himself into the box score at the key-stone bag. This shift may eventually complicate things.

## Recruits Man Infield.

Weather conditions were none too favorable for the initial workout of the Cards yesterday. It was a bit cold and Huggins warned his men to take things easy. Scout Bob Connerly batted grounders to the infield, which was manned by the following recruits: Dyeann, first base; Butler, second base; Beck, third base, and Roche, shortstop. Charlie Miller, drafted from Evansville; Teddy Cather, a holdover, and a few of the pitchers reported in the outfield.

## SALOON KEEPER GUILTY OF TRYING TO BRIBE WEBB

John Peters of Dupo, Ill., Convicted of Attempting to Influence State's Attorney.

JURY IS OUT 17 HOURS

He Gave \$20 Bill to Post-Dispatch Reporter as Prosecutor's Agent.

John Peters, a saloon keeper at Dupo, Ill., was found guilty of bribery Wednesday by a jury in the St. Clair County Circuit Court at Belleville.

The case was submitted to the jury at 6 p. m. Tuesday and the verdict was returned at 1 p. m. Wednesday. The jury did not fix the penalty.

Peters was charged with having given \$20 bill to Curtis A. Betts, a Post-Dispatch reporter assigned on the graft investigation in East St. Louis. The money was paid to Betts in an ante-room of the East St. Louis office of State's Attorney Charles Webb, and the State proved that when he paid the money Peters believed that Betts acted as Webb's agent in receiving it. Betts had been directed by Webb to meet the saloon keeper.

**Accused in Gambling Case.**  
A few days before the bribe was offered special deputies, acting under Webb's direction, had raided Peters' saloon and obtained evidence on which he was charged with illegally maintaining slot machines for gambling purposes.

The evidence showed that Peters went to Webb's office and offered Webb \$20 to drop the charges against him. Webb told him he could not take the money personally, but that if he would return later he would find in the outer office a man authorized to take it.

Betts was in the ante-room when Peters returned. The others, Charles Webb, a nephew of the State's Attorney, and another man were also there, but Peters didn't know it. They were hidden under a couch where they could hear and see all that went on.

**Thought He Was Paying Place.**  
In the presence of these witnesses Betts took the money as Webb's agent and a warrant charging Peters with bribery then was issued.

Peters' defense was that he thought he already had been fined for maintaining the slot machines and that he believed Webb was the official to whom he should pay the fine.

Friends Search All Night, Police Get No Clue; Then Farmer Is Found on a Jury.

Fred Schwinn, 35 years old, a farmer living on the Rock road four miles west of Belleville, left his home Tuesday saying he was going to Belleville to get a shave. He failed to return home that night, and neighbors, becoming alarmed, asked the Belleville police to search for him.

All through the night a posse, including Schwinn's neighbors, and led by Schwinn's son, tramped through the fields and woods. Households were aroused and joined in the hunt. At daybreak Wednesday no trace of Schwinn had been found. Inquiry by police in Belleville failed to reveal the farmer's whereabouts.

Later in the morning Schwinn solved the mystery himself by sending word home. On reaching Belleville Tuesday morning he said he had been impelled to serve as a juror in the trial of the John Peters bribery case. The case went to the jury at 6:30 p. m. Tuesday. The jurors deliberated all night.

## Woman Who Fainted in Court When Her Letters Were Read

MRS. SADIE RONGE

**WOMEN OUTCASTS INVADE HOME OF MRS. F. H. INGALLS**

Ten Who Will Be Ousted by Closing of Disorderly Houses Appeal for Work.

The recent visit of Mrs. F. H. Ingalls, president of the Women's Protective League, and several of her fellow workers, to segregated districts of St. Louis, was repaid in an unexpected manner late Tuesday afternoon, when 10 women of the Valentine street district invaded her home, 620 Westminster place, while Mrs. Ingalls lay ill in bed upstairs.

Taken by the women who were told by a maid that Mrs. Ingalls was ill, the women brushed the maid aside and entered the reception room, where they demanded an interview with Mrs. Ingalls. They got together earlier in the day and decided to call on her in a body.

One by one the women were escorted to Mrs. Ingalls' bedside. In the meantime, Mrs. Ingalls had her maid summon two other members of the league, who also heard the women's stories.

**Appeal for Work.**  
The women said they were without means of support, had neither food nor homes, and appealed for help. They were ordered out of the district in December by the Police Board, but a few were allowed to remain until March 1, when the order closing the segregated district will be general, to give them time to find places in which to live.

Mrs. Ingalls assured them that she and her fellow workers were their friends and would render them every assistance to obtain work. The names of the women and their addresses were taken and they will be notified by Mrs. Ingalls of openings for employment.

Mrs. Ingalls told a reporter that she did not believe the women visited her through the urgings of anyone; that they came to her to ask help. She said most of them expressed willingness to earn an honest livelihood and appeared eager to start to work.

**Are Served With Coffee.**  
"They did not condemn either me or the league," she said, "but asked that the league give them promised protection. Although they were noisy in the reception room and used profanity, they were not violent. They decided to visit me in a body, looking to the league for protection and aid."

Before the women left the Ingalls home Mrs. Ingalls had her maid serve them with coffee and food.

**STEAMER IS HELPLESS**

BEAUFORT, N. C., Feb. 25.—With her shafted cargo of asphalt giving her list to the starboard that partly submerged her decks, the British steamship Berlin, from New York for Venezuela, was in a helpless condition today in Lookout Cove. Agents of the owners and underwriters from New York were expected here today to advise the ship officers.

It was said that it would be impossible to do anything with the ship except jettison her cargo or to attempt to tow her to her destination.

## WIFE ON STAND TELLS OF LETTERS TO ANOTHER MAN

Mrs. Sadie Ronge, Who Fainted When They Were Read, Says Husband Knew of Them.

SEEKS A RECONCILIATION

Rich Turfman Deposes He Gave Them to Husband in Anger at Chorus Girl.

Mrs. Sadie Ronge, 28 years old, of 563 Catalpa street, a former chorus girl, who fainted in court Tuesday afternoon when letters she had written to another man were read in the trial of her husband's divorce suit, admitted authorship of the letters Wednesday, but declared some of them had been written under the husband's supervision and posted by him.

The letters, one of which called the husband "Dearest," and spoke of meeting him in another city, were written to A. D. Lippincott, a wealthy racehorse man of Newark, N. J., and by him sent to the husband in a moment of anger at Mrs. Ronge. Lippincott is named as co-respondent in the case. Judge Kinne, took charge of them and later questioned Mrs. Ronge about their contents.

**Entranced Over Other Man.**  
The husband, Henry F. Ronge, 3224 Easton avenue, a musician in a theatrical orchestra, testified Tuesday that in 1911 his wife went to New York, supposedly to visit an aunt. Later he learned she had gone to work as a chorus girl in a company headed by Fritz Scheff. She returned to St. Louis and they separated last April after, he said, he had learned of her friendship for Lippincott. They were living then at 612 Easton avenue.

Mrs. Ronge was sitting with her attorneys at a table listening to the reading of her letters and to some from Lippincott, addressed to her, which she said he found after the separation. As the last one was read to the judge her head fell forward on her hands, and it was noticed that she was unconscious. The court took a recess. The woman was revived in a short while.

She appeared to be recovered when she took the stand in the morning. She was wearing a neat but unostentatious street costume. She listened attentively to questions. The judge asked her, did not appear disconcerted when, from time to time, he glanced at one of her letters. She denied there had been anything improper in her friendship for Lippincott.

**Married When 18 Years Old.**  
She told the judge she was married to Ronge in March, 1904, when she was 18 years old. After the death of her mother she became a chorus girl, against the wishes of her father. She met Ronge in love with him and married him. She said she was fighting his suit because she hoped yet to effect a reconciliation.

She declared she sent her to New York in 1911 to earn money. After her return she said she talked of Lippincott to him, and that he knew about the letters and made no objection. She told him, she said, that Lippincott had been friendly to her.

A deposition made by Lippincott was read into the case by the plaintiff's attorney, Evan A. Smith. Lippincott told of sending the letters to Ronge when he had been in the German Admiral, who also testified he paid some doctor bills for Mrs. Ronge.

Three Families Called Into Court Following Quarrel Over Placing of Fuel.

August Starker, who owns several houses adjoining his home at 4374 Botanical avenue, objected to where one of his tenants stored his coal, and the argument that ensued brought three families into Judge Kimmel's court Wednesday and resulted in Starker being fined \$10.

Dr. Louis E. Borrielli of 4814 A. Botanical avenue testified that Jan. 21 Starker interfered as the driver was about to unload coal in the basement. The landlord told the tenant he had provided coal bins and also a coal shed in the rear. Borrielli said Starker cursed him.

Starker testified he objected to Borrielli placing the coal in the basement because it obstructed a drain pipe. Oliver Swift and his wife, who reside in the flat beneath, testified the coal clogged up the sewer. Judge Kimmel held that he had no jurisdiction over the obstructed sewer.

## GERMAN ADMIRAL PLANNED TO SHOOT DEWEY'S OFFICERS

Von Diederichs Tells of Sending Warning to Americans Not to Board His Ships.

TALKS OF MANILA AFFAIR

Declares Hatchet Was Buried and Is Sorry for Dewey's "Erroneous Statement."

BADEN-BADEN, Germany, Feb. 25.—Admiral von Diederichs himself informed the British naval commander in Manila Bay at the time of the Spanish-American war that he would shoot any American officer who attempted to board a German warship "to make inquiry and establish her identity" in carrying out the orders of Admiral Dewey.

This admission was made today in a further narrative of events given to the Associated Press.

The statement of Admiral von Diederichs was inspired by the reading of Admiral Dewey's book, recently issued, giving the American commander's version of the causes of the trouble between the United States and German forces in Manila Bay which culminated in a shot being fired across the bow of one of the vessels of Admiral von Diederichs' fleet.

**How Controversy Arose.**  
The controversy between Admiral Dewey and the German Admiral arose over the visiting between the vessels of the various powers, which, according to Admiral Diederichs, was quite promiscuous. He admitted there was a certain justice in Admiral Dewey's complaint as to the German ships being constantly on the move, although this was necessary and in no way meant to be unfriendly.

The bulk of the German squadron was about to be withdrawn, said the German commander, when the conflict arose over the right of visitation, and when said he found after the separation. As the last one was read to the judge her head fell forward on her hands, and it was noticed that she was unconscious. The court took a recess. The woman was revived in a short while.

She appeared to be recovered when she took the stand in the morning. She was wearing a neat but unostentatious street costume. She listened attentively to questions. ## Dewey's Own Account of Diederichs Incident

I WAS glad of an opportunity of stating my own position with perfect candor to Admiral von Diederichs, yet in a diplomatic fashion which could not be personally offensive to him, however positive he was in his views about the rights of neutrals in a blockaded port. Already there had been correspondence between us in which, in keeping with the accepted authorities on international law, including the German Perils, who had lectured at the Imperial German Naval Academy at Kiel, I maintained my right of blockade in boarding all vessels, including men-of-war. Or, in my own words, in one letter to Vice-Admiral von Diederichs:

"As a state of war exists between the United States and Spain, and as the entry into this blockaded port of the vessels of war of a neutral is permitted by the blockading squadron as a matter of international courtesy, such neutrals should necessarily satisfy the blockading vessels as to their identity. I distinctly disclaim any intention of exercising or claiming the droit de visite of neutral vessels of war. What I do claim is the right to communicate with all vessels entering this port, now blockaded with the forces under my command. It could easily be possible that it was the duty of the picket vessels to notify incoming men-of-war that they could not enter the port, not on account of the blockade, but the intervention of my lines of attack."

Vice Admiral von Diederichs in denial of the right had notified us that he would submit the point to a conference of all the senior officers of the men-of-war in the harbor. But only one officer appeared, Capt. Chichester of the British Immortalite. He informed the German commander that I was acting entirely within my rights; that he had instructions from his Government to count with even more rigorous restrictions than I had laid down; and, moreover, that as the senior British officer present, he had passed the word that all British men-of-war upon entering the harbor should first report to me and fully satisfy any inquiries on my part before proceeding to the anchorage of the foreign fleet.

**HOWEVER,** Vice-Admiral von Diederichs was unconvinced. When later, the Cormoran, which was an old offender, was sighted coming up the bay, Flag Lieutenant Brumby was sent to make sure that she stopped to report in keeping with the custom of other foreign men-of-war. When the Cormoran saw the McCulloch approaching she turned and sailed toward the northern part of the bay, compelling the McCulloch to follow. Brumby first hoisted the international signal, "I wish to communicate." No attention was paid to this by the Cormoran. Then Brumby fired a shot across her bows, which had the desired effect.

On the following day Vice-Admiral von Diederichs sent a capable, tactful young officer of his staff to me with a memorandum of grievances. When I had heard them through I made the most of the occasion by using as a third person to state candidly and firmly my attitude in a verbal message, which he conveyed to his superior so successfully that Vice-Admiral von Diederichs was able to understand my point of view. There was no further interference with the blockade or breach of the etiquette which had been established by the common consent of the other foreign commanders—Hearst's Magazine.

**Special cable to the Post-Dispatch and New York World.**  
Copyright, 1914, by Press Publishing Co. PARIS, Feb. 25.—The Post-Dispatch correspondent has obtained a copy of the judgment rendered by the civil tribunal on Feb. 11, granting a divorce to Mr. and Mrs. Mackay Mackay. The following is a summary:

"Mrs. Mackay filed a request for divorce on Jan. 23. Mackay replied with an identical request. The tribunal found both demands justified; therefore, it pronounced a divorce decree for both, for the faults of both."

The official resume of the memorandum filed for judgment is as follows: "The tribunal first examined Mrs. Mackay's demand, since the marriage, May 17, 1898, the husband always has shown himself of violent character in his relations with his wife. Since 1898 he has subjected his wife to frequent scenes. One day he even left the conjugal domicile and remained away for days. On his return he gave no explanation whatever of his absence."

**Wouldn't Eat With Her.**  
"Since 1912 the scenes have been more violent. Mackay would not dine with her, and ceased to speak to her, except to deliver humiliations to her. In New York after having forced his wife to bring her young daughter, Ellen, into his presence, he caused an extremely violent scene at his wife's expense."

"In February, 1913, Mrs. Mackay had to submit to a surgical operation, and the day after that operation, having entered her bedroom, Mackay made a scene with her before witnesses, which scene he repeated on the following day. That attitude toward his wife, in conjunction with the Mackay's social position, constitutes a legal and grave injury, necessary to the pronouncement of a divorce."

The next tribunal examined the demand entered by the husband against his wife. The judgment is: "Mrs. Mackay is represented as having a character of degree of independence incompatible with respect due to marital authority. She had said, in effect, that she intended always to live after her own fashion, choose her own associates and wished neither control nor constraint."

**Chose Her Own Associates.**  
"She insisted on having free choice of her own associates, and could not tolerate nor submit to any undue influence, even that of her husband."

"Furthermore, she acted in accordance to her pronounced words; in fact, she never had suffered from her husband the slightest reproach. In replies she gave he showed intended contempt for him. In December, 1911, she left her conjugal fireside to establish herself in a private apartment leased under her own name at No. 3 Avenue Elvise Reclus. Paris."

"Despite her husband's efforts to restrain her, she never has consented to abandon her utter independence either at Paris or at New York, where the Mackays went on two visits in 1912 and 1913."

"All these facts are sufficient to justify pronouncing a divorce. The divorce, therefore, is pronounced, with the blame on both parties. The children are given into the father's care."

## Starvation Will Not Cure Dyspepsia

But a Stuart's Dyspepsia Tablet Will Enable You to Eat Your Meals Without Suffering After Doing So.

Every person knows that to live in a healthy, happy manner we must eat. Diet, starvation, predigestion, food, etc., are not the correct methods of eliminating digestion disorders. Many Dyspepsia know that they must eat and so they go to their meals in a half-hearted manner. When they see food before them they are made miserable. Their judgments tell them to eat, but their stomachs revolt at the idea and so whatever food they consume does them more harm than good.

"If I Were Sure This Meal Would Not Injure Me I Would Eat for I Am Losing Weight Every Day."

In cases of dyspepsia, catarrh of the stomach, gastritis, heartburn, rash, foul breath, bowel complaint, stomach trouble, etc., a Stuart's Dyspepsia Tablet taken after each meal will do more good than anything you have ever tried.

You simply cannot realize how these little digesters put away a meal, without effort, pain or distress and at the same time so build up the digestive apparatus as to make the next meal more easily taken care of.

To understand what Stuart's Dyspepsia Tablets are composed of is to realize that when they reach the stomach they dissolve into digestive juices just as desired by Nature. They hold ingredients which the healthy stomach is supplied with and the unhealthy stomach lacks.

These natural qualities have a great digestive influence upon all food. One grain of one ingredient contained in Stuart's Dyspepsia Tablets is sufficient to digest 3000 grains of food.

When you have given this a single thought, consideration you will then understand why it is that Stuart's Dyspepsia Tablets are the greatest stomach and dyspepsia remedy known today.

Thousands of stomach sufferers all over this country, who have been relieved of all kinds of digestive diseases are the influences which have made these tablets sold by druggists in every city, town and village in this country. Go to your druggist today and obtain a box. Price, 50 cents.—ADV.

## What Dry Cleaning Is

What does the professional cleaner do when he "dry-cleans" your dress, coats, gloves, etc.? It's been a mystery until recently—now here is the secret of it.

Dry cleaning is not really Dry at all. Dry cleaning simply means a cleaning process where water is not used—but gasoline. The dry cleaner puts the article in a gasoline bath and cleans it with a preparation that works in gasoline as soap works in water—ordinary soap, you know, won't work in gasoline.

**Our Preparation**

## PUTNAM DRY-CLEANER

is just that kind of an article but improved and adapted to your own use at home—at but a few pennies expense and with cleaning qualities that will give results you can't get even by paying a dry cleaner a big price to produce.

## The Year 1913 Was A RECORD SMASHER —FOR THE St. Louis POST-DISPATCH Both in Circulation and Advertising

As evidence of the relative merits of the St. Louis newspapers from the point of view of experienced advertisers, the following table showing the number of lines of advertising carried by all the St. Louis daily papers for the entire year 1913 is interesting:

POST-DISPATCH	11,203,640 lines
Globe-Democrat	7,073,700 "
Republic	5,319,600 "
Times (No Sunday)	4,757,100 "
Star (Sunday discontinued Oct. 1)	2,841,900 "

These figures show that the POST-DISPATCH is so far ahead of all competition in its field that it is necessary to add together the aggregate number of lines of advertising carried by two or three of its competitors in order to make a reasonable comparative showing.

This supremacy is remarkable when it is known that the POST-DISPATCH does not accept objectionable medical, doubtful financial, get-rich-quick schemes, clairvoyant or other advertising of a questionable character. It does not exchange advertising for merchandise to be used in circulation schemes, etc. Its advertising is all legitimate, bona fide paid matter at its regular card rates.

The paid circulation of the POST-DISPATCH in the City of St. Louis and suburbs, is greater than that of all the other English morning or evening papers combined.

Circulation Average Entire Year 1913

Sunday, 307,524

Daily (Exclusive of Sunday), 171,214

The POST-DISPATCH is the conceded result producer of the Middle West.

It Is St. Louis' ONE BIG Newspaper

First in Circulation. First in Advertising. First in Everything.

### 3000 TAX SUITS TO

#### BE FILED IN COUNTY

Collector Announces He Will  
Start Action Against De-  
linquents of 1910,  
1911 and 1912.

August Kassebaum, St. Louis County Tax collector, announced Wednesday that 3000 tax suits against delinquents of the years 1910, 1911 and 1912 would be filed in the Circuit Court Clerk's office in Clayton within the next three weeks, at the rate of about 100 a day. The first suit was filed Wednesday.

State Senator A. E. L. Gardner has been retained by Collector Kassebaum as attorney for the county. In case the suits are contested, the delinquents will have to pay not only the amount of delinquency, but 10 per cent of that amount as attorney's fee, a collection fee of 4 per cent, filing and Sheriff's fees and other costs.

After notice of suit the taxes may be paid on immediate application, but the sum will include filing fees, Clerk's fees and incidental costs.

### GEORGIA SUPREME COURT

#### REJECTS FRANK'S APPEAL

Motion for Rehearing in Case of  
Condemned Factory Super-  
intendent Is Denied.

ATLANTA, Ga., Feb. 25.—The Supreme Court of Georgia today refused to grant a rehearing on the unsuccessful appeal for a new trial for Leo M. Frank of Brooklyn, N. Y., under death sentence for the murder of Mary Phagan.

The decision was unanimous. The motion for rehearing was based on the contention that certain important counts in the appeal had been disregarded by the Court. It is expected that an extraordinary motion for a new trial will be filed within a few days in the Superior Court.

Frank received news of the decision with the same calmness he has exhibited since his arrest last April. Two days after the murder of the factory girl, he expressed confidence that his death sentence would never be executed.

The Post-Dispatch is the only evening news paper in Georgia that receives or publishes news gathered by the Associated Press.

# MOYER'S HELPER TELLS HOW MOB DEPORTED THEM

Describes Attack by 20 Armed Men and Seizure in Calumet Hotel.

HANCOCK, Mich., Feb. 25.—Charles H. Tanner, auditor of the Western Federation of Miners, took the stand today before the Congressional Committee and described the deportation of Charles M. Moyer and his associates.

Tanner and Moyer contend that when the mine strike was at its height they were forced on board a train after being beaten and that they were guarded until they were well out of the State and then were taken to interview. They blamed some of the mine owners for their treatment.

Moyer's friend and helper, "Moy" as he was called, was standing at the telephone in his room. Tanner said: "There was a rap on the door. Moyer opened the door with his free hand and twenty or more men rushed in, shouting 'Where is Moyer?' At the same time the men covered me with automatic pistols. Then Moyer replied: 'I am Moyer.'"

"Several men bent him almost double. Another struck Moyer with a revolver. The gun exploded and Moyer was wounded in the back."

Tanner said Moyer and he were then rushed out of the hotel and hustled across the bridge to Houghton, where they were placed on a train for Chicago in charge of two deputies and warned if they ever came back they would be hanged. The witness said he was struck over the eye by his captor.

Declined to Accept Money. Shortly before Moyer and himself were attacked, Tanner said, they had been waiting upon by citizens who asked Moyer to accept \$50,000, raised on behalf of the victims of the Calumet fire disaster. He said Moyer replied that was a matter for the people themselves to decide.

Tanner was the only witness called on this subject.

Charles E. Heitler, secretary-treasurer of the local union, said 1901 were receiving benefits as strikers. He estimated that more than 20,000 persons were dependent on strike benefits.

## BUSINESS WOMAN TO RUN SUFFRAGISTS' CAMPAIGN

Mrs. Alice C. Moyer Chosen to Direct Statewide Fight for Submission in November.

Mrs. Alice Curtice Moyer was elected by the Equal Suffrage League on Tuesday to have charge of the Statewide Building headquarters during the campaign for women's suffrage next summer and fall.

The league has obtained almost enough signatures to the initiative petition to insure the submission of the woman's suffrage amendment to the Constitution to the voters next November. Sufficient signatures have been obtained in St. Louis and Kansas City and in most of the congressional districts out in the State.

Mrs. Moyer, who is a business woman, will succeed Mrs. D. W. Kneller and Mrs. Edith Barringer as manager of the St. Louis headquarters. She has arranged her business affairs so she can give her attention to the campaign from March 1 until after the November election.

### In Which Mr. Smith Meets a Band of Brigands in the St. Vitus Hotel.

THE glided portals of the Hotel St. Vitus Mrs. Jarr and Mrs. Stryver heard themselves hailed from behind, and turned to behold Mrs. Blodger, formerly Mrs. Cackberry of Peoria, hurrying to catch them. Mrs. Jarr and Mrs. Stryver were both wondering what dreadful tragedy would come when Mrs. Blodger beheld her young husband dancing with James Smith's young wife.

All three ladies entered the Hotel St. Vitus without further conversation. Mrs. Jarr and Mrs. Stryver were silent through nervousness, and Mrs. Blodger was quiet because she was afraid she might say something else that would be hopelessly middle class.

Just ahead of the trio of impeccable females was an old gentleman who was making the fight of his life in the hotel corridor to prevent two strong-armed young men from tearing a very costly sable-lined overcoat from him.

Mrs. Jarr was just about to shout for the police when she noticed the two young men were in plain dark liveries.

"You can't get in unless you turn loose the benny, old scout!" snarled one of the young men. "It's oldsh at the St. Vitus."

"Be easy, pop, be easy," remarked the other, who was the more diplomatic of the two; "yuh don't want to be a cheap skate and sit on your blanket, do you? Come, come, pop! Yuh don't want people to think yer from Omaha, do yuh?"

"I'm from St. Louis, I'm a member of the prominent clubs and organizations of this city, and I tell you I am NOT going to have my coat torn off my back!"

"De ole geeser is got the right dope!" cried the diplomat coatroom boy. "Ho don't want to be forced. Stand back and he'll give yuh the coat. Yuh got 'im wrong, bo; yuh got 'im wrong. He ain't a lionhorn from the far West—he's a real St. Louisan, and the fur-lined benny is coming right into your mitt!"

The old man snarled and puffed, but surrendered his coat and hat and then extended his cane, but the two coat-room boys let him hold it until the cane came running up. Then the gloves appeared on the scene and took the ruddy old man's gloves, and each gave the old man a separate check for the gloves.

### The Timid Child.

A N eccentric city superintendent was seated awkwardly at his office desk, his head poked forward from his stooping shoulders, his elbows doubled up, his back bent and his feet twined round the side rounds of his chair, when two ladies entered, bringing a 6-year-old youngster for admission to school.

"The dear child is so timid, Mr. R., said the grandmother. "We couldn't think of sending him alone."

"Yes, Mr. R., said the fond aunty. "The boys have been telling him that you whip little fellows, and he is so timid—so shy and sensitive that!"

She was interrupted by the timid youngster, who had all this time been attentively studying the superintendent's doubled-up proportions.

"Say, stand up, will you?" he said. "I want to see how tall you are."

March Lippincott's.

### Had Overlooked One.

ONE morning Rosie's teacher noticed her hanging round the desk with rather a wistful expression.

"Well, Rosie, what is it?" she finally asked, drawing the child to her.

"Please, teacher, we've got a new baby 'our house."

"Oh, have you, Rosie? Isn't that fine? What's the baby's name?"

"Ikie."

Several days later the teacher remembered to inquire about the new arrival.

"Oh, Rosie, how is Ikie today?"

The child looked bewildered. "Oh, teacher, we ain't got no Ikie."

"Yes, You told me you had a baby."

A gleam of intelligence appeared on Rosie's face. "No, teacher, his name's Moose; his name ain't Ikie. We found we already got one Ikie."—Everybody's.

### The Skeptical Cop.

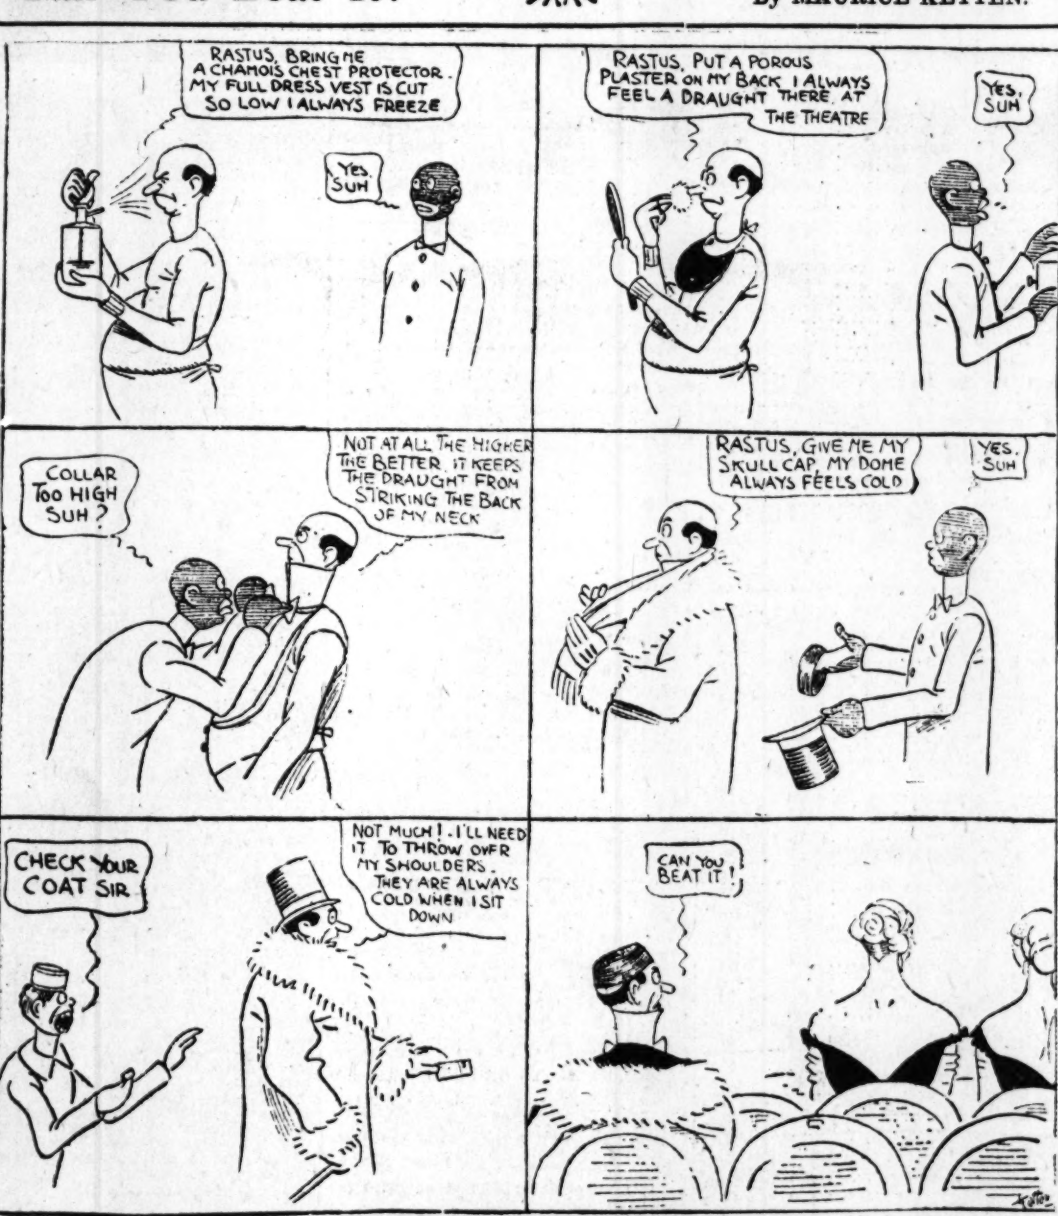

JUDGE (severely): Didn't I tell you the last time you were here that I never wanted to see you again?

Prisoner: Yes, sir, and I told the policeman so, but he wouldn't believe me.

## The Day's Good Stories

### Twenty Minutes Late.

ASSISTANT PROFESSOR CHARLES T. COPPLAND had reproved his students for coming late to class. "This is a class in English composition," he remarked, and added with sarcasm, "I'm not conducting an afternoon tea."

At the next meeting of the class, one of the girls was 20 minutes late. Prof. Coppland waited until she had traversed the room and found her seat. Then he remarked bitingly, "How will you have your tea, Miss Brown?"

"Without the lemon, please," Miss Brown answered gently.—March Lippincott's.

### The Broken Engagement.

IN the little town of H— lived a young man who was not likely to "set the river afire," not overbright, to put it plainly and truthfully.

He had been telling of his engagement to a belle of the town, but no one took his announcement seriously. One day he gave out that he had broken his engagement.

"So you really broke the engagement, Henry?" he was asked.

"That's what I did," he boasted.

"Dear me, tell us why you were so cruel?" one of his hearers begged.

"Well, it's like this," explained Henry. "Hattie told me she wouldn't marry me, and I ain't goin' to be engaged to any girl what won't marry me!"—March Lippincott's.

### A Good Thing.

AMONG the most charming of this season's crop of debutantes in Washington were the twins of a San Francisco man, who spends his winters at the national capital.

One day at the Metropolitan Club a certain member was approached by a friend, who whispered confidentially, "I understand that you are practically engaged to one of those ravishing twins."

"The other member smilingly admitted the soft impeachment.

"How can you tell them apart?" asked the friend.

"I don't try to," said the other.—March Lippincott's.

### White and Black.

HAT rich old fool," said White, "will not let me his daughter wed?"

"Let me be rich, he may be old. But he's no fool."—Black with.—March Lippincott's.

**A Precision.**

A NEW YORK physician who has recently transferred his activities to the Hub, tells of a Bostonian who, like most of his townsmen, is a precision in the matter of English, and who had occasion not long ago to consult the aforesaid doctor.

After ascertainment of symptoms, the physician said:

"What you need, more than anything else, is a tonic in the shape of fresh air."

Whereupon the Hubbitt waxed sarcastic, and inquired:

"Before we proceed further, would you mind telling me what is the shape of fresh air?"—March Lippincott's.

**Discrimination.**

"I wonder if I ought to send my wife and daughters to see your play," said the conservative man.

"Why do you ask such a question?" rejoined the indignant manager.

"So many people are going to see it. I was afraid it might not be altogether proper."—Leavenworth Post.
